Introduction

The College of Pharmacists of British Columbia protects public health by licensing and regulating pharmacists and pharmacy technicians and the pharmacies where they practice. It receives its authority from - and is responsible for administering - provincial pharmacy legislation in BC. The College is responsible for making sure every pharmacist and pharmacy technician in BC is fully qualified and able to provide the public with safe and ethical pharmacy care.

As the licensing body for all pharmacies in the province, the College regulates the ownership and operation of BC pharmacies in accordance with the [Pharmacy Operations and Drug Scheduling Act \(PODSA\)](#), the [Health Professions Act \(HPA\)](#), and the bylaws of the College made pursuant to these Acts.

This licensure guide is intended to help you understand the process and requirements associated with applying for a new pharmacy licence, renewing an existing pharmacy licence, making changes to a pharmacy's licensure information, and closing a licensed pharmacy. The information included in the guide is intended to generally apply to all licence types and ownership structures. Pharmacies need to apply the information provided based on their individual licence type and ownership structure.

The information in the licensure guide is not intended, and should not be construed, as legal or professional advice or opinions.

Those with questions pertaining to ownership structure are advised to seek legal or professional advice based on their particular circumstances. The College does not provide legal advice or opinions.

The Licensure Department

The Licensure Department is responsible for processing all pharmacy-related applications, including those for new pharmacy licences, pharmacy licence renewal/reinstatement, changes to licensure information and closing a pharmacy. The Licensure Department is also responsible for processing the Proof of Eligibility submissions/results from owners and managers for pharmacy licensure purposes. Contact the Licensure Department for any questions related to pharmacy licensure.

Office Address: 200-1765 West 8th Avenue, Vancouver BC, V6J 5C6

Office Hours: Monday to Friday 830am to 430pm (except Statutory holiday)
Note that the College office is closed in the last week of December.

Office Tel Number: (General) 604-733-2440 or 800-663-1940
(Licensure) Extension 985, or 778-330-0985
Leave a message in the licensure voice mail box. Due to high volumes of calls on a daily basis, your call will be returned in the order it was received. All calls will be returned as soon as possible.

Your application will be processed in accordance with the processing time stated in this document. You will be contacted if further documents are required or when your application is complete/can be moved to the next phase.

Office Fax Number: 604-733-2493 or 800-377-8129

Licensure Email*: licensure@bcpharmacists.org

*preferred method of communication and receiving applications/documents, especially when it contains personal or sensitive information.

Other Departments

For pharmacist or pharmacy technician related applications including renewals, contact the Registration Department at: registration@bcpharmacists.org.

For questions related to day-to-day pharmacy practice, contact the Practice Support Department at: practicesupport@bcpharmacists.org.

For all other departments, refer to this webpage for more information:
<http://www.bcpharmacists.org/contact-us>

Types of Pharmacy Licences

A pharmacy is defined as the area of a premises licensed under *PODSA* where drugs or devices may be stored, or dispensed or sold to the public.

The College issues four types of pharmacy licences, each of which has different criteria and serves different needs.

- A **Community Pharmacy Licence** is issued to a pharmacy that is licensed to sell or dispense drugs to the public. In addition to the *PODSA* and *HPA bylaws*, this type of pharmacy and the registrants at this practice setting are subject to the Standards of Practice: [HPA Bylaw Schedule F Part 1 – Community Pharmacy Standards of Practice](#) and, if applicable, [HPA Bylaw Schedule F Part 3 – Residential Care Facilities and Homes Standards of Practice](#).
- A **Hospital Pharmacy Licence** is issued to a pharmacy that is licensed to operate in or for a hospital, providing pharmacy services to patients who are admitted to the hospital. This type of pharmacy may also provide pharmacy services to outpatients in addition to inpatients. In addition to the *PODSA* and *HPA bylaws*, this type of pharmacy and the registrants at this practice setting are subject to the Standards of Practice: [HPA Bylaw Schedule F Part 2 – Hospital Pharmacy Standards of Practice](#) and, if applicable, [HPA Bylaw Schedule F Part 3 – Residential Care Facilities and Homes Standards of Practice](#).
- A **Pharmacy Education Site Licence** is issued to a pharmacy that is licensed for the purpose of pharmacy education and where pharmacy services are not provided to any person. The site may only store Schedule I, II and III drugs, but not controlled drug substances.
- A **Telepharmacy Licence** is issued to a telepharmacy located in a rural and remote community and staffed with at least one pharmacy technician during all hours of telepharmacy operation and is under the direct supervision of a pharmacist at the central pharmacy using real-time audio-video conferencing technology. There are additional requirements for a telepharmacy location. See section 12.1 and 31 of the [PODSA Bylaws](#) for more information. In addition to the *PODSA* and *HPA bylaws*, this type of pharmacy and the registrants at/servicing this practice are subject to the Standards of Practice: [HPA Bylaw Schedule F Part 1 – Community Pharmacy Standards of Practice](#) and [HPA Bylaw Schedule F Part 6 – Telepharmacy Standards of Practice](#).

In addition to the above licence types, the College also issues authorizations to hospitals that have an area operating as a **pharmacy satellite** where the provision of pharmacy services is dependent upon support and administrative services from a licensed hospital pharmacy.

Licensure Fees and Payment Methods

All licensure fees can be found in the [PODSA Bylaw Schedule A – Fee Schedule](#).

The only accepted methods of payment are Visa, Mastercard or corporate cheque. Personal cheques are not accepted.

A pharmacy licensure application is not complete until payment is received by the College.

If payment is by cheque, the application will not be considered complete until the cheque has been processed. Note that an administrative fee of \$250 + GST will be charged for a NSF cheque or a late renewal application.

All College fees are non-refundable.

Ownership of a Pharmacy

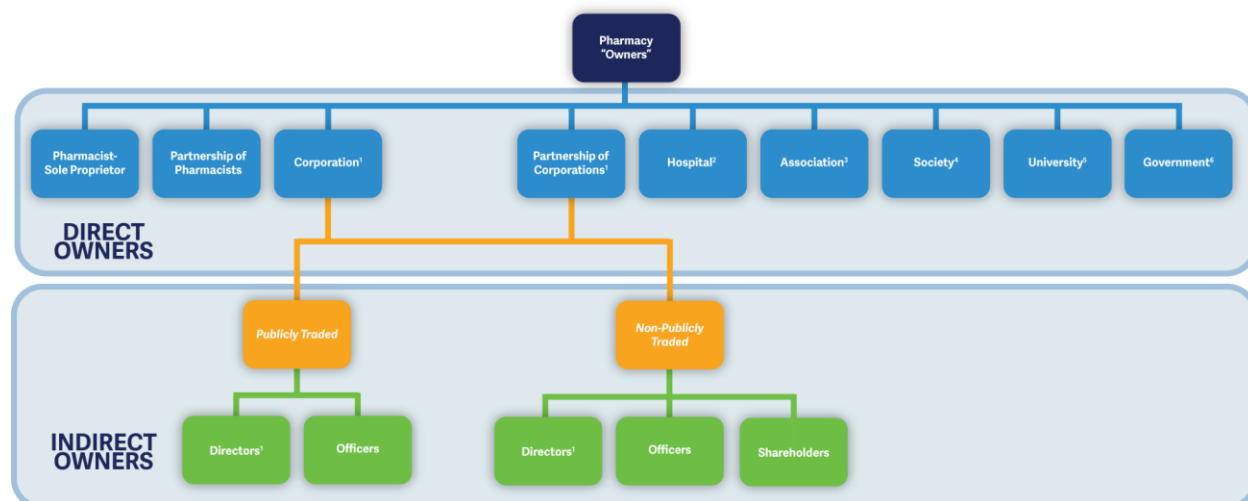

Anyone with an ownership interest in a pharmacy is considered an owner. Other than pharmacists, anyone authorized by an enactment to prescribe drugs is **not** allowed to own a pharmacy.

Types of Pharmacy Ownership

Your pharmacy's ownership structure determines what information is required as part of the pharmacy licensing process. Owners must be able to identify their ownership type to ensure they submit the necessary requirements to open a new pharmacy, renew/reinstate their pharmacy licence, report changes to licensure information, or close a pharmacy.

PODSA defines the types of pharmacy ownership allowed in BC, and distinguishes between **direct owners** and **indirect owners**. Direct owners are the holders of the pharmacy licence. They can be individuals or legal entities:

Individuals	Entities
<ul style="list-style-type: none"> • A pharmacist (i.e. sole proprietor); or • A partnership of pharmacists. 	<ul style="list-style-type: none"> • a corporation incorporated under the <i>Company Act</i> or the <i>Business Corporations Act</i> in which the majority of the directors in the corporation are pharmacists; • a partnership of corporations in which each corporation is incorporated under the <i>Company Act</i> or the <i>Business Corporations Act</i> and a majority of the directors in each corporation are pharmacists; • a hospital as defined in the <i>Hospital Act</i>; • an association incorporated under the <i>Cooperative Association Act</i>; • a society as defined in the <i>Societies Act</i>; • a university as defined in the <i>University Act</i>; • the Thompson Rivers University; • the City of Vancouver or a municipality; or • the government.

Figure 1. Types of Pharmacy Ownership

1 incorporated under the *Company Act* or the *Business Corporations Act* in which the majority of the directors in the corporation are pharmacists

2 as defined in the *Hospital Act* (including health authorities)

4 defined in the *Societies Act*

5 defined in the *University Act* or *Thompson Rivers University*

6 the *City of Vancouver* or a municipality, or the government

[\(Download "Types of Pharmacy Ownership" Diagram\)](#)

Sole Proprietorship as a Direct Owner

In a sole proprietorship, one person owns and operates the business. Under *PODSA*, this person must be a registered pharmacist and is considered the "direct owner" of the pharmacy.

Partnership as a Direct Owner

In a partnership, the business is owned by two or more partners, who can be individuals or corporations. There are several types of partnerships, including the following:

- **General Partnership** – When partners manage the business and assume responsibility for the partnership's debts and other obligations.
- **Limited partnership** – When the business has both general and limited partners. The general partners own and operate the business and assume liability for the partnership, while the limited partners serve only as investors with no control over the business and who are not subject to the same liability as the general partners. Like sole proprietors, general partners are personally liable for the partnership's debts and obligations.

Under *PODSA*, all partners (if they are all individuals), regardless of type, must be pharmacists and each partner is the "direct owner" of the pharmacy.

For a partnership of corporations, see the next section on corporations.

Corporation(s) as a Direct Owner

While there are different types of ownership, the majority of pharmacies fall under “corporation.” A corporation is an independent legal entity.

Corporations that are direct owners *must be incorporated in British Columbia* (with a BC Incorporation Number issued by BC Registry Services). Corporations that are registered in BC (and have been issued a BC Registration Number), but are incorporated federally or extraprovincially **cannot** be direct owners.

A corporation’s structure consists of 3 main groups: **directors, officers** and **shareholders**. In *PODSA*, these groups are defined as “Indirect Owners” depending on the type of corporations.

Directors

A director refers to an elected or appointed member of the Board of Directors of a corporation, and they manage or supervise the management of the business and affairs of the company. A member of the organization with the *job title* containing the word “Director,” (e.g. Director of Operations or District Operations Manager) is not necessarily considered a Director under *PODSA*.

Directors can be found in the *Notice of Articles* or *BC Company Summary* issued by [BC Registry Services](#). If there are changes to the directors of the corporation, the new directors would be listed in the *Notice of Change of Directors* or the most recent *BC Company Summary*.

PODSA requires that the majority of the directors of a corporation that is a direct owner of a pharmacy, be either full or non-practising pharmacists registered with the College. “Majority” in this case refers to the number of pharmacists, **not** the number of shares owned by individual directors. For example, if a corporation has 3 directors on its Board, two of them must be registered pharmacists in BC, even if the non-pharmacist director has a 51% share. If a corporation has 2 directors, both of them must be registered pharmacists in BC because 50% does not constitute a majority.

If one or more pharmacist directors does not renew his/her registration as a full or non-practising pharmacist with the College before their registration expiry date, he/she will become a former registrant, resulting in the cancellation of the pharmacy licence of the pharmacy if the directorship requirement is not met. The pharmacy must complete the [Pharmacy Closure](#) process and apply for a [New Pharmacy Licence](#) if the direct owner wishes to open the pharmacy again.

Officers

Officers are appointed by directors and hold a particular office in the corporation to oversee the day-to-day operations of the business. Officer positions may include: CEO, COO, CFO, Treasurer, Secretary, etc. The officers of a corporation are usually listed in the *Notice of Articles* or the most recent *BC Company Summary* issued by [BC Registry Services](#).

Shareholders

Shareholders have an ownership interest in the corporation by virtue of a monetary investment, and they normally do not have any involvement in the management of the corporation as the right to manage flows from the director or officer roles.

Shareholders of a non-publicly traded company incorporated in BC are considered **indirect owners**, regardless of class or voting rights.

Shareholders are identified in the *Central Securities Register* of the corporation. Every corporation is required by the *BC Business Corporations Act* to maintain a complete and current shareholder register with the following information:

- All shares issued by a company
- Name and last known address of each shareholder and;
- Number, class and any series of any shares owned by that shareholder

Shareholders can be individuals or corporations.

A corporation that is a shareholder of another corporation is often called a “parent company” or “holding company”. If a parent company is a non-publicly traded company incorporated in BC, their directors, officers and shareholders are also classified as **indirect owners**. Directors, officers and shareholders of a parent company that is **publicly traded** are not considered **indirect owners**.

Non-publicly traded companies that are **incorporated federally** or **extra-provincially** are exempted from the requirements as an **indirect owner**; however, the College may request for additional information if needed.

A **trust** is a relationship where one or more persons (the trustee(s)) hold property in trust for the benefit of certain persons (the beneficiaries). A trust is *NOT* a separate legal entity like a corporation so a trust itself cannot be a shareholder.

The **trustee** of a trust can be an individual, an incorporated entity (a corporation or a society), or a public trustee. If the shares of a corporation that is a direct or indirect owner of a pharmacy are held in a trust, the trustee of the trust is the shareholder with respect to those shares. If the trustee is an individual, he/she is considered **indirect owner** under *PODSA*. If the trustee is a non-publicly traded company incorporated in BC, their directors, officers and shareholders are classified as **indirect owners**.

FAQ: HOW CAN I TELL WHETHER MY CORPORATION (DIRECT AND INDIRECT) IS PUBLICLY TRADED OR NOT?

A publicly traded corporation is a company that is listed on a stock exchange anywhere in the world. A Canadian publicly traded corporation has the following key features:

- A large number of shareholders;
- Is registered with BC Securities Commission or other provincial securities regulator;
- Files public securities documents and information on the System for Electronic Document Analysis and Retrieval (SEDAR).

FAQ: HOW CAN I TELL WHETHER MY SHAREHOLDER, A CORPORATION, IS BC INCORPORATED OR NOT?

All BC corporations have a BC incorporation number that can be found in their ownership documents (i.e. BC Certificate of Incorporation and Notice of Articles) as well as their BC Annual Report (or the BC Company Summary – click [here](#) for a sample from BC Registry Services). Corporations are required to file an annual report with the BC Corporate Registry within 2 months after the anniversary date of incorporation each year. A corporation that files a BC Annual Report with the BC Corporate Registry but does not have a BC incorporation number, is not considered a BC Corporation. Note that a BC *incorporation* number is not the same as a BC *registration* number.

FAQ: WHAT IS THE DIFFERENCE BETWEEN A PARENT COMPANY AND A SUBSIDIARY CORPORATION?

A corporation that is a shareholder of another corporation is often called a “parent company” or “holding company”, whereas a subsidiary corporation is a corporation that is controlled by another corporation by holding shares in the subsidiary.

If a direct owner of the pharmacy has a shareholder that is a corporation, the direct owner is the subsidiary corporation, whereas the parent company is a corporation that is the shareholder of the direct owner.

FAQ: HOW ARE TRUSTEES IDENTIFIED IN THE OWNERSHIP DOCUMENTS OF A CORPORATION?

When the shares are held in a trust, the central securities register should list the registered owner of those shares as the trustee of the trust. In addition, the central securities register should indicate that the trustee is holding those shares in their capacity as trustee. For example, the shareholder may appear as follows:

- (a) John Smith, as trustee of the John Smith Family Trust;
- (b) John Smith, trustee of the John Smith Family Trust;
- (c) John Smith, in trust for the John Smith Family Trust;
- (d) John Smith, in trust.

The shareholder should not be listed as the trust (e.g., “The John Smith Family Trust”).

Additional Requirements for a Direct/Indirect Owner

All direct and indirect owners must meet the [eligibility criteria](#) in order to hold a pharmacy licence. Submitting a Proof of Eligibility in the form of an annual [attestation](#) and [Criminal Record History](#) once every 5 years is required when applying for a new pharmacy licence; renewing or reinstating a pharmacy licence; applying for a change of direct owner or a change of indirect owner. See the [Proof of Eligibility](#) section for details.

Responsibilities of a Direct and Indirect Owner

The direct owner of a pharmacy is responsible for tasks related to pharmacy licensure, including:

- Applying for a new pharmacy licence;
- Renewing or reinstating a pharmacy licence; and/or
- Notifying the College of changes to previously submitted licensure information.

The [authorized representative\(s\)](#) of the direct owner will be responsible for performing these activities. Refer to the section in this licensure guide that applies to your application, licence and/or ownership type for information and/or document(s) required for submission by the direct owner.

Regardless of ownership type, all pharmacy owners must comply with all applicable duties under the most current [Pharmacy Operations and Drug Scheduling Act](#) and [Health Professions Act, their regulations, and College bylaws and policies pursuant to these Acts](#). Specific responsibilities of a direct and indirect owner are set out in section 18 of the [PODSA Bylaws](#).

Authorized Representatives (AR)

Authorized representatives are classified based on their roles in relation to the direct owner.

Type of Direct Owner	Authorized Representative(s)
Sole Proprietor	Sole proprietor (pharmacist)
Partnership of Pharmacists	Any partners (pharmacist) in the partnership
Corporation	Any director(s)
Partnership of Corporations	Any director(s) of each corporation in the partnership
Others (e.g. Hospital, University, Society, Association)	Assigned authorized representative(s)

Should a sole authorized representative be on leave temporarily, he/she may authorize an individual in writing, generally through Power of Attorney, to represent or act on the direct owner's behalf in private affairs, business, or other legal matters. This individual will have the same permissions as the authorized representative for submitting licensure requirements and applications upon receipt of Power of Attorney by the College.

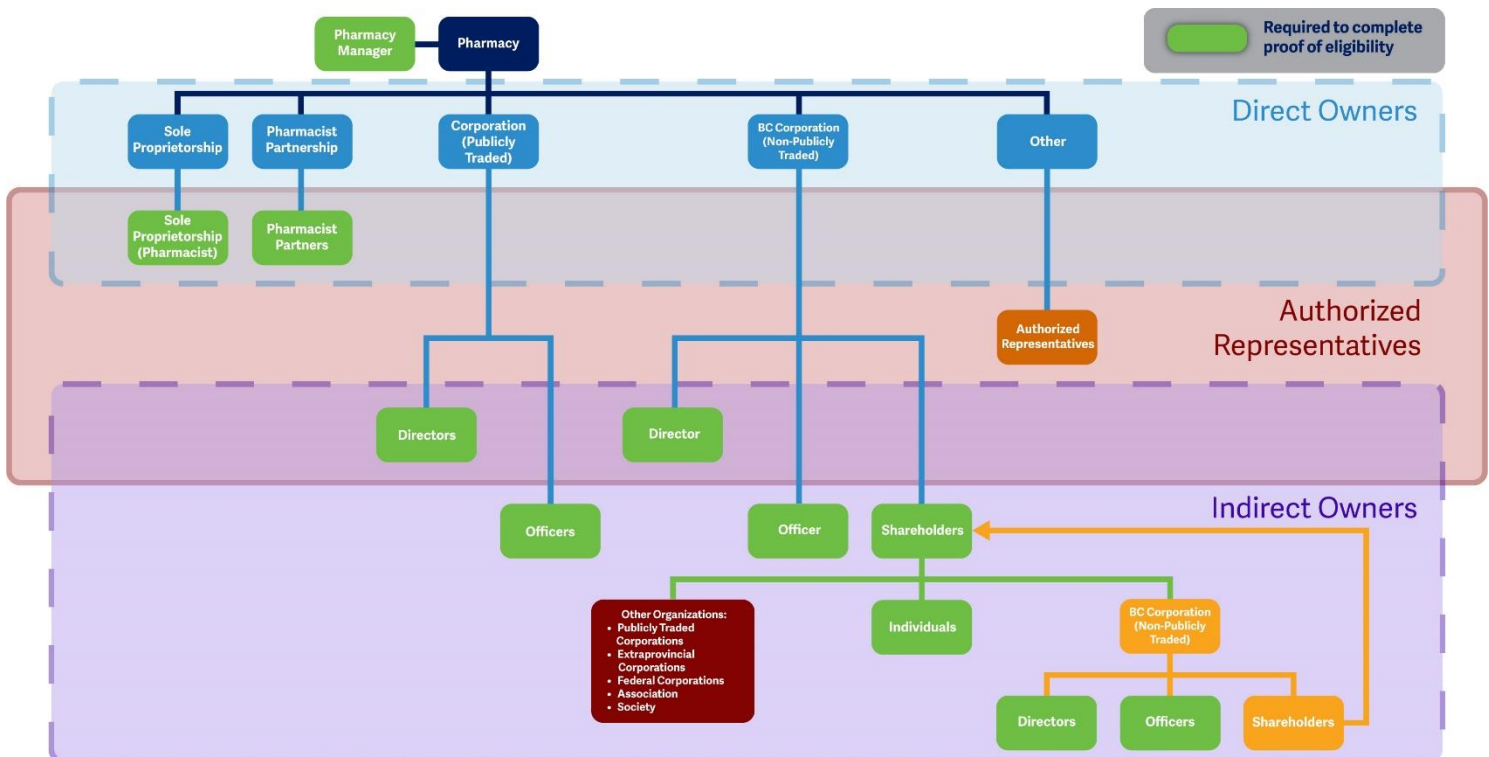

The authorized representative(s) of your pharmacy(ies) can be found on the [Profile](#) Page of your pharmacy under the Pharmacy Portal on eServices.

All [authorized representatives](#) of a pharmacy must always keep their contact information on eServices up-to-date. They must not unsubscribe from the College's email list as it is the College's primary method of communication.

For direct owners that are corporations, when a director is added to or is leaving the direct owner, their role of authorized representative for the pharmacy will be added or removed automatically when the [Change of Indirect Owner](#) application is complete, respectively.

For direct owners that are legal entities that are *not* corporations, notify the College of the change of authorized representative as soon as possible. Otherwise, the departing AR will continue to receive communications regarding the pharmacy and no current members of the direct owner will receive communication from the College (such as renewal notices). Refer to the [Change of Authorized Representative](#) section for details.

Figure 2. Who are the Direct Owners, Indirect Owners and Authorized Representatives of a Pharmacy?

([Download "Who are the Direct Owners, Indirect Owners and Authorized Representatives of a Pharmacy" Diagram](#))

Management of a Pharmacy

PODSA defines a “manager” as “a pharmacist who is designated in a pharmacy licence as manager of a pharmacy”.

The manager must be registered as a Full Pharmacist with the College. If a pharmacy manager does not renew his/her registration as a Full Pharmacist before the registration expiry date, he/she will become a former registrant, resulting in the cancellation of the pharmacy licence of the pharmacy where he/she is appointed as the manager. The pharmacy must close, and the direct owner will have to complete the [Pharmacy Closure](#) process and apply for a [New Pharmacy Licence](#) if the direct owner wishes to open the pharmacy again.

A manager must meet all the [eligibility criteria](#) provided in *PODSA*. [Proof of Eligibility](#) consists of an [attestation](#) for each pharmacy annually, and a [Criminal Record History](#) once every 5 years and is required when applying for a new pharmacy licence; renewing or reinstating a pharmacy licence; or applying to be a manager. See the [Proof of Eligibility](#) section for details.

Responsibilities of a Manager

The pharmacy manager is responsible for the actual management and operation of the pharmacy. Managers are required to supervise pharmacy staff to ensure that practice is in compliance with practice standards. They have the statutory obligation to develop, implement and maintain policies and procedures to comply with the legislative requirements of operating a licensed pharmacy. They are also required to report changes to the pharmacy’s operational information, such as [hours of operations, pharmacy staff roster and types of pharmacy services provided](#).

The manager must comply with all applicable duties under the most current [Pharmacy Operations and Drug Scheduling Act \(PODSA\)](#) and [Health Professions Act \(HPA\)](#), [their regulations, and the College bylaws and policies made pursuant to these Acts](#). Specific responsibilities of a manager are set out in sections 18 and 24 and/or 29 of the [PODSA Bylaws](#). It is the manager’s responsibility to read, understand, and be familiar with federal and provincial legislation governing pharmacy practice before beginning their role, as well as during the time they hold the position as a pharmacy manager.

Managers appointed to a community pharmacy must complete the pharmacy manager training program approved by the Board as soon as practical and no later than one year after appointment, as well as every 3 years thereafter as per [Professional Practice Policy- 69](#). Declaration of completion must be submitted to the College through the manager’s personal eServices account immediately upon completion of the program. The declaration can be submitted by logging onto eServices and selecting “**My Profile**” > “**My Declaration**” > “**Community Pharmacy Manager Education**”. Individuals who complete their manager training prior to registering as a Full Pharmacist, may submit their declaration on eServices when their Full Pharmacist registration has been granted.

If a pharmacy manager goes on a leave and is unable to carry out their responsibilities as the manager, the authorized representative must appoint a new manager as soon as possible.

Another Change of Manager application will be required when the previous manager returns from their leave.

Proof of Eligibility (POE)

Direct owners, indirect owners and managers must meet specific eligibility criteria provided in *PODSA* in addition to requirements under the *PODSA bylaws* in order to hold a pharmacy licence.

Proof of eligibility (POE) is required from the direct owners, indirect owners and the manager of a pharmacy who are 19 years or older when:

- Applying for a new pharmacy licence;
- Renewing/reinstating a pharmacy licence; or
- When there is a change of direct owner, indirect owner or manager¹.

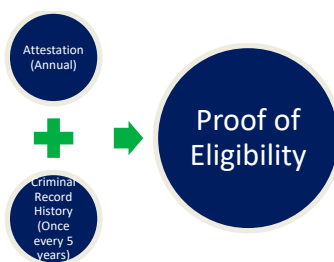

POE is to be submitted online through eServices or on a paper application, depending on the type of pharmacy licence application. Instructions will be provided by the College at specific stages in the licensure process. Note that a deadline is applicable to certain types of pharmacy licensure applications. Please refer to the section in this licensure guide that applies to your application, licence and/or ownership type for how and when POE is to be submitted.

Indirect owners who are under 19 years old are exempt from completing the POE. The [authorized representative](#) must complete and submit the "[Proof of Eligibility Exemption](#)" [declaration form](#) to the [Licensure Department](#) when renewing their pharmacy licence, when applying for a new pharmacy licence or change of direct owner. The completed declaration form must be submitted for each renewal application until they turn 19 years old.

Proof of Eligibility consists of:

- An [attestation](#), and
- A [Criminal Record History \(CRH\)](#) submission.

Figure 3. Proof of Eligibility Components

¹ For a change of manager or direct/indirect owner, only the **new** direct/indirect owner(s) or manager will have to submit their Proof of Eligibility before the effective date of change.

Eligibility Criteria

Pursuant to section 3 of *PODSA*, a direct owner may not be eligible to hold a pharmacy licence, or may require that conditions be imposed on the pharmacy licence if any of the following has occurred:

- A direct owner, indirect owner or manager is subject to a limitation imposed by the discipline committee that precludes him or her from being a direct owner, an indirect owner or a manager;
- A direct owner, indirect owner or manager is or has been the subject of an order or a conviction for an information or billing contravention;
- A direct owner, indirect owner or manager has, within the previous 6 years, been convicted of an offence prescribed under the *Pharmaceutical Services Act* for the purposes of section 45 (1) (a) (ii) of that Act;
- A direct owner, indirect owner or manager has, within the previous 6 years, been convicted of an offence under the *Criminal Code* (Canada), other than an offence to which the above paragraph applies;
- A direct owner, indirect owner or manager has, within the previous 6 years, had a judgment entered against him or her in a court proceeding related to commercial or business activities that occurred in relation to the provision of (i) drugs or devices, or (ii) substances or related services within the meaning of the *Pharmaceutical Services Act*;
- A direct owner, indirect owner or manager has, within the previous 6 years, had his or her registration with one of the following bodies suspended or cancelled:
 - the College of Pharmacists of British Columbia;
 - a body, in another province or in a foreign jurisdiction, that regulates the practice of pharmacy in that other province or foreign jurisdiction;
- A direct owner, indirect owner or manager has, within the previous 6 years, had limits or conditions imposed on his or her practice of pharmacy as a result of disciplinary action taken by a body referred to in the above paragraph.

If a direct owner, indirect owner or manager does not meet any of the above eligibility criteria, the pharmacy application will be referred to the Application Committee for review. Refer to the [Application Committee](#) section for more information.

Who Needs to Submit Proof of Eligibility

The individuals required to submit their [Proof of Eligibility](#) is dependent on the ownership structure of the pharmacy.

OWNERSHIP STRUCTURE (DIRECT OWNER)	INDIVIDUALS REQUIRED TO SUBMIT POE *
Sole Proprietorship	<ul style="list-style-type: none"> • Manager • Sole pharmacist owner of business (sole proprietor)
Partnership	<ul style="list-style-type: none"> • Manager • Each pharmacist (partner) in the partnership
Corporations (Publicly Traded)	<ul style="list-style-type: none"> • Manager • Each director • Each officer
Corporations (Non-Publicly Traded)	<ul style="list-style-type: none"> • Manager • Each director • Each officer • Each shareholder <ul style="list-style-type: none"> ○ If the shareholder is a BC incorporated, non-publicly traded corporation rather than a person, Proof of Eligibility will also be required from each of their director, officer and shareholder.
Hospital/Health Authority	<ul style="list-style-type: none"> • Manager
University	<ul style="list-style-type: none"> • Manager
Association	<ul style="list-style-type: none"> • Manager
Society	<ul style="list-style-type: none"> • Manager
Government	<ul style="list-style-type: none"> • Manager

*If an individual has more than one role in a given pharmacy (e.g. indirect owner as well as the manager of the pharmacy), they will only need to submit their [Proof of Eligibility](#) **once** for that pharmacy.

If a corporation owns more than one pharmacy, the applicable individuals will only need to submit Proof of Eligibility **once** for any pharmacies with renewal dates in the same month; or for changes that apply to multiple pharmacies. However, corporations that own multiple pharmacies with renewal dates in different months, are required to complete their Proof of Eligibility once for each pharmacy at the time their renewal is due.

Note that the directors, officers and shareholders of a parent company (i.e. shareholders of the direct owner or an indirect owner) that is publicly traded are not considered indirect owners under PODSA. Directors, officers and shareholders in a non-publicly traded company that is incorporated either federally or extra-provincially are currently exempted from the

requirements of an indirect owner. As such, these individuals are not required to submit their [Proof of Eligibility](#).

Figure 4 Who Needs to Submit Proof of Eligibility?

[\(Download Who Needs to Submit Proof of Eligibility Diagram\)](#)

FAQ: WHAT HAPPENS IF I REFUSE TO COMPLETE, OR DO NOT SUBMIT MY ATTESTATION AND/OR CRH?

Your pharmacy application (new/renewal/reinstatement, whichever applies) will be considered incomplete and your pharmacy licence will not be issued/renewed/reinstated and will be referred to the Application Committee for review.

Attestation

Attestation must be submitted by:

- All applicable individuals when applying for a new pharmacy licence or a change of direct owner;
- All applicable individuals when applying for their pharmacy licence renewal every year;
- All applicable individuals when applying for pharmacy licence reinstatement; and
- Each new indirect owner or new manager when a change of indirect owner or manager occurs.

Attestation can be completed using the electronic form on [eServices](#) or the paper version of [PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility](#) depending on the type of pharmacy licence application:

PODSA Form 5 (Paper)	PODSA Form 5 (Electronic/Online)
<ul style="list-style-type: none"> • New Pharmacy Licence application; or • Change of Direct Owner application 	<ul style="list-style-type: none"> • Pharmacy Licence Renewal application; • Pharmacy Licence Reinstatement application; or • Change in Indirect Owner application

If an attestation is to be completed electronically, you will receive an email with instructions from the College notifying you that the [ownership information](#) or [changes in ownership information](#) submitted by the direct owner has been received and validated, and that you may now start completing your [Proof of Eligibility](#) through your personal [eServices account](#) on the College website.

If you are not listed with the College, you will also receive a separate email with your login information. You will also need to provide your contact information, including your mailing address, phone number and fax number, if applicable, and you will need to provide the ID number associated with one of the following government issued ID's to confirm your identity (you do not need to upload a copy of the document):

1. Canadian citizenship card/certificate,
2. Passport (include the country if issued outside Canada),
3. Canadian driver's licence (include province if outside BC), or
4. BC identification card.

If you are a pharmacist or pharmacy technician registered outside BC (i.e. another province or foreign jurisdiction), you will be required to provide the name of the province/jurisdiction in which you are registered, and your licence/registration/certificate number. See section 2 and section 3 of [PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility](#) for more information.

Attestation information can be found in sections 3, 4 and 5 of [PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility](#). All direct owners, indirect owners, and managers must attest to the following statements:

- That they are not authorized by an enactment to prescribe drugs*[see FAQ on next page](#);
- That they have never been subject to a limitation imposed by the College’s discipline committee that precludes them from being a direct owner, an indirect owner, or a manager;
- That they have never been the subject of an order or a conviction for an information or billing contravention*[see FAQ on next page](#);
- That they have not, within the past 6 years, been convicted of an offence prescribed under section 45 (1) (a) (ii) of the *Pharmaceutical Services Act*;
- That they have not, within the past 6 years, been convicted of an offence under the *Criminal Code* (Canada);
- That they have not, within the past 6 years, had a judgment entered against them in a court proceeding related to commercial or business activities that occurred in relation to the provision of drugs or devices, or substances or related services (within the meaning of the *Pharmaceutical Services Act*).

In addition, managers, direct owners and indirect owners that are also registered pharmacists or pharmacy technicians must make the following attestations:

- That they have not, within the past 6 years, been suspended or had their registration cancelled by the College, or by a body in another province or foreign jurisdiction, that regulates the practice of pharmacy in that other province or foreign jurisdiction.
- That no limits or conditions have been imposed, within the past 6 years, on their practice of pharmacy as a result of disciplinary action taken by the College, or by a body, in another province or in a foreign jurisdiction, that regulates the practice of pharmacy in that other province or foreign jurisdiction.

If you are not able to attest to all of the above statements, you must complete and submit [PODSA Form 6: Manager/Direct Owner/Indirect Owner – Notice of Ineligibility](#) which will be disclosed to the Application Committee for review. Please note that your eligibility to own a pharmacy will not automatically be declined upon submission of this form. Refer to the [Reporting Ineligibility](#) and the [Application Committee](#) sections for more information.

FAQ: I AM A PHARMACIST AND I AM NOT ANY OTHER TYPE OF HEALTH PROFESSIONAL WHO CAN PRESCRIBE DRUGS. DO I CHECK OFF THE STATEMENT “I AM NOT AUTHORIZED BY AN ENACTMENT TO PRESCRIBE DRUGS” IN MY ATTESTATION?

Under the [Pharmacy Operations General Regulation](#) made pursuant to the *Pharmacy Operations and Drug Scheduling Act*, pharmacists are classified as practitioners for the purpose of prescribing specific drugs. Although a pharmacist is authorized to “prescribe” under section 3 of the regulation, they can still be the direct owner or indirect owner of a pharmacy. Therefore, if you are a pharmacist and not any other type of health professional who can prescribe drugs, you should check off the statement.

However, if you are a pharmacist and are also registered as any of the following, you must **NOT** check off the statement: physicians or surgeons; dentists; podiatrists; veterinarians; midwives; nurses practicing nursing as nurse practitioners, registered nurses or registered psychiatric nurses; optometrists; or naturopathic physicians.

FAQ: I AM A PHARMACIST WHO IS REGISTERED IN ANOTHER PROVINCE AND HAS PRESCRIBING AUTHORITY IN THAT PROVINCE. I AM NOT ANY OTHER TYPE OF HEALTH PROFESSIONAL WHO CAN PRESCRIBE DRUGS. DO I CHECK OFF THE STATEMENT “I AM NOT AUTHORIZED BY AN ENACTMENT TO PRESCRIBE DRUGS” IN MY ATTESTATION?

Indirect owners who are pharmacists that have prescribing authority outside BC are not considered prescribers in B.C. Therefore, you should check off the statement.

FAQ: WHAT IS AN ORDER OR CONVICTION OF AN “INFORMATION OR BILLING CONTRAVENTION”? DOES THIS INCLUDE BILLING OR PAPERWORK ERRORS?

The *Pharmacy Operations and Drug Scheduling Act* states that an “information or billing contravention” has the same meaning as it does under the *Pharmaceutical Services Act*. This legislation is a responsibility of the Minister of Health and is established under PharmaCare. If you are unclear about whether you have been the subject of an order or a conviction for an information or billing contravention under Pharmacare and the *Pharmaceutical Services Act*, contact PharmaCare directly to confirm.

Criminal Record History (CRH)

A Criminal Record History involves a search for criminal record history information in the databases of the Royal Canadian Mounted Police and local police stations. The CRH search for pharmacy owners will be conducted by the Board-approved external vendor, Sterling Talent

Solutions, a professional private criminal record check provider that partners with local police stations to provide results.

Criminal Record Histories are to be submitted, if they have never previously submitted one to the College, or if it has been 5 years since one was last submitted to the College, by:

- All applicable individuals when applying for a new pharmacy licence or a change of direct owner;
- All applicable individuals when applying for their subsequent pharmacy licence renewal to the College;
- All applicable individuals when applying for their pharmacy licence reinstatement;
- Each new indirect owner when applying for a change of indirect owner; and
- The new manager when applying for a change of manager.

As part of your [Proof of Eligibility](#), you will be required to submit your Criminal Record History online through [Sterling Talent Solutions](#)' website. This can be done by following the instructions on eServices when completing your [Proof of Eligibility](#), or the instructions in the email sent by the College upon validation of your [ownership information](#) or [changes in ownership information](#). How you receive the instructions will depend on the type of pharmacy licence application:

By Email	On eServices (during POE process)
<ul style="list-style-type: none"> • New Pharmacy Licence application; or • Change of Direct Owner application 	<ul style="list-style-type: none"> • Pharmacy Licence Renewal application; • Pharmacy Licence Reinstatement application; or • Change in Indirect Owner application

Your Criminal Record History is to be submitted on or after the date you receive the instructions and before the applicable deadline. The College does not accept a shared result that was done for another organization as it may be outdated or a different type of check.

*Registrants and non-registrants **must** submit their CRH through the designated link provided by the College on eServices, regardless of whether they have a pre-existing account with Sterling Talent Solutions. This ensures that the CRH is being conducted for College purposes only. If you do not use the designated link provided by the College, the College will NOT receive your result from Sterling automatically, which may delay processing your pharmacy application.*

The fee for conducting the Criminal Record History is paid directly to Sterling Talent Solutions. Once submitted, a Criminal Record History is valid for 5 years after which time a new one must be completed.

By submitting your Criminal Record History through [Sterling Backcheck](#), you consent to release of the results to the College of Pharmacists of BC for the purpose of processing the pharmacy application and other of the College's activities as disclosed to you in your form of consent on the Sterling website. The College is authorized to collect, use and disclose this personal information under the *Pharmacy Operations and Drug Scheduling Act, Health Professions Act*

and the College's bylaws. For any questions about the collection of information, contact the College's Privacy Officer at 604-733-2440 or 1-800-663-1940 or privacy@bcpharmacists.org. If you have any questions during the process with completing your Criminal Record History through Sterling Talent Solutions, please contact their support team by email or by phone between the hours of 9am to 8pm EST:

- Phone: 1-877-455-6730
- Email: support@mybackcheck.com

Criminal Record History Results

PODSA requires that “no direct owner, indirect owner or manager has, within the previous 6 years, been convicted of an offence under the *Criminal Code* (Canada)”.

There are four possible results in a Criminal Record History:

1. **Clear** - This result indicates that no criminal conviction history was identified.
2. **Not Clear, No Disclosure Provided** - This result indicates that, based on the applicant's name, date of birth and place of birth, the Royal Canadian Mounted Police (RCMP) has located a criminal record that does not match the information provided by the applicant which indicated that they had no criminal record.
3. **Not Clear, Disclosure Confirmed** - This result indicates that, based on the applicant's name, date of birth and place of birth, the RCMP has located a criminal record that matches the information provided by the applicant. The “Confirmed” result means that the offence(s), date(s) of conviction and location(s) disclosed by the applicant are representative of what the RCMP found.
4. **Not Clear, Not Confirmed Disclosure** - This result indicates that, based on the applicant's name, date of birth and place of birth, the RCMP has located a criminal record that matches this information provided by the applicant. The “Not Confirmed” result means that the offence(s), date(s) of conviction and location(s) disclosed by the applicant does not match what the RCMP found.

Under the federal *Privacy Act*, the RCMP is unable to disclose details of an individual's criminal record to third parties – only individuals to whom the record belongs may access and disclose this information. As a result, the College is unable to provide details on the discrepancies between the disclosure provided by the applicant and the details found through the Criminal Record History search.

For results categorized as “**Not Clear, No Disclosure Provided**” and “**Not Clear, Not Confirmed Disclosure**”, applicants are given the option to “**Zero-In**” on their record for an additional cost. This option gives the applicant a chance to correct, or provide additional details about, their CRH and then conduct a second CRH through Sterling Talent Solutions. Once the revised declaration is deemed accurate, the applicant will receive an amended result of “**Not Clear – Disclosure Confirmed.**”

If a “**not cleared**” result from a charge or conviction under any *Criminal Code* (Canada) within the previous 6 years is received, you must complete and submit [PODSA Form 6: Manager/Direct Owner/Indirect Owner – Notice of Ineligibility](#), which will then be disclosed to the Application Committee for review. Your eligibility to own a pharmacy will not automatically be declined upon submission of this form. Refer to the [Application Committee](#) section for more information.

It is very important to note that **even if your conviction was over 6 years ago, you will still have to disclose this correctly to avoid the need to zero-in and a delay in the process.**

However, only convictions within the last 6 years will be forwarded to the Application Committee for review.

If your CRH result also comes back with a “**defer**” status, regardless of whether you have a “**clear**” or “**not cleared**” result, you will be asked to obtain a vulnerable sector *Police Information Check (PIC-VS)* from your local police department and provide it to the College before the assigned deadline. This check has additional information in the Local Police Information database that Sterling does not have access to.

FAQ: WHAT OFFENCES UNDER THE CRIMINAL CODE WILL BE REVIEWED BY THE APPLICATION COMMITTEE? FOR EXAMPLE, WOULD A SPEEDING TICKET IN THE LAST 6 YEARS BE COUNTED?

Any offence, listed under the *Criminal Code* (Canada), that occurred within the last 6 years will be reviewed by the Application Committee.

If a manager or a direct/indirect owner is not sure about whether he/she has been convicted of an offence, he/she should review the *Criminal Code* of Canada or speak with legal counsel. He/she may also complete a private Criminal Record History at a police station in advance. This private record however, cannot be used for the purpose of pharmacy licensure. The official CRH must be submitted through the designated link provided by the College on eServices, regardless of whether they have a pre-existing account with the College’s approved vendor. This ensures that the CRH is being conducted for College purposes only.

FAQ: WHAT RESULTS WILL BE RECEIVED BY THE COLLEGE AFTER I HAVE SUBMITTED MY CRH?

The College will receive a “cleared” or “not cleared” result from the approved vendor. This status will be recorded on the person’s profile at the College. Should the result be “not cleared”, the College will further determine which of the three subtypes of “not cleared” applies.

If your conviction was 6 years ago, the information will not be recorded in the College’s records.

FAQ: WHAT HAPPENS IF I FAIL TO REPORT A CONVICTION WHEN I COMPLETE MY CRH?

When the results from your CRH are “Not cleared, No Disclosure Provided” or “Not cleared, Not Confirmed Disclosure”, you will receive an email notification requiring a zero-in (additional fee will be required and pharmacy application may be delayed). When the second “not cleared, conviction found” result returns to the College, the College will look at the time that the charge or conviction occurred. If it occurred within the past 6 years, your pharmacy application will be referred to the Application Committee for review; however, if it occurred over 6 years ago, the pharmacy application will not be referred to the Application Committee for review.

Criminal Record History (CRH) Versus Criminal Record Check (CRC)

All registered pharmacists and pharmacy technicians currently undergo a Criminal Record Check (CRC) through the [Criminal Records Review Program](#) (CRRP) under the [Criminal Records Review Act](#) (CRRRA), as required under [Section 20\(3\) of the Health Professions Act \(HPA\)](#), at the time of initial registration and at least once every 5 years thereafter at the time of registration renewal. However, this check does not provide the same level of comprehensive Criminal Record History (CRH) that is required under the [Pharmacy Operations and Drug Scheduling Act \(PODSA\)](#). Additionally, the CRRP is specific to registrants and does not provide a means to conduct Criminal Record Histories of non-registrants.

As a result, the College cannot use the CRC results from the CRRP for the pharmacy licensing process because they do not meet the CRH requirements included in *PODSA*. Therefore, all direct and indirect owners and managers must submit a CRH as part of the licensure process; all owners who are registered pharmacists as well as managers must also continue to undergo the separate CRC process to maintain their registration with the College.

	Criminal Record Check (CRC)	Criminal Record History (CRH)
Legislative Requirement of	Health Professions Act (HPA)	Pharmacy Operations and Drug Scheduling Act (PODSA)
Purpose	Registering as a regulated health professional	Holding a pharmacy licence
Eligibility Criteria	The registrant does not present a risk of physical or sexual abuse to children or a risk of physical, sexual or financial abuse to vulnerable adults	No direct owner, indirect owner or manager has, within the previous 6 years, been convicted of an offence under the <i>Criminal Code</i> (Canada)...
Applicable individuals	Pharmacists and Pharmacy Technicians	Direct Owners, Indirect Owners and Manager <i>(Note: direct and indirect owners can be registrants or non-registrants)</i>

More information about the Criminal Record Check (CRC) for registrants can be found on the College’s website: <http://www.bcpharmacists.org/criminal-record-check>.

Reporting Ineligibility

You must submit [PODSA Form 6: Manager/Direct Owner/Indirect Owner – Notice of Ineligibility](#) to the [Licensure Department](#) for any of the following:

- If you are unable to attest to all statement in the [attestation \(PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility\)](#);
- If you receive a “not cleared” [Criminal Record History](#) result from a conviction within the previous 6 years;
- If you no longer meet the eligibility criteria under section 3 of the Act; or
- If you are aware of a direct owner, indirect owner or manager that no longer meets the eligibility criteria under section 3 of *PODSA*.

Due to the nature of the information contained in [PODSA Form 6: Manager/Direct Owner/Indirect Owner – Notice of Ineligibility](#), it is recommended that you email the completed form directly to the [Licensure Department](#) at licensure@bcpharmacists.org instead of faxing to the College’s general fax line.

Your eligibility to own a pharmacy will not automatically be declined upon submission of this form. The Application Committee will review the information provided in making a decision on your pharmacy licence. Refer to the [Application Committee](#) section for more information.

Privacy Considerations

The College collects, uses and discloses personal information in accordance with our province’s *Health Professions Act (HPA)*, *Pharmacy Operations and Drug Scheduling Act (PODSA)*, *Freedom of Information and Protection of Privacy Act (FIPPA)* and other applicable legislation.

The College will be using the information collected through [Proof of Eligibility submissions](#) only for the purposes of licensing pharmacies and regulating registrants and pharmacy owners. The College has measures in place to safeguard the information and set appropriate retention and disposal periods that are in accordance with privacy legislation.

Refer to our Privacy Policy at: <http://www.bcpharmacists.org/privacy>. Questions or concerns about privacy and confidentiality can be directed to the College’s Privacy Officer at privacy@bcpharmacists.org.

Application Committee (AC)

The Application Committee (AC) consists of at least 6 full pharmacists or pharmacy technicians appointed by the Board. Additionally, at least one-third of the Committee's membership must consist of public representatives, at least one of which is a current Board member. For information on the membership of the committee and its terms of reference, refer to the [Committees section under About Us on the College website](#).

The AC is a legislative committee established under the *Pharmacy Operations and Drug Scheduling Act (PODSA)* to review any pharmacy licence applications that have been referred by the Register who is not satisfied for either one of the following:

- the application is complete and has no false or misleading information; or
- the direct owner is eligible, under section 3 of the Pharmacy Operations and Drug Scheduling Act (PODSA), to hold a pharmacy license.

When a pharmacy application submitted is incomplete by the due date or where an indirect owner or manager does not meet one or more of the eligibility criteria in *PODSA*, the application will be referred to the AC for review. The authorized representative (AR) of the pharmacy (and the person that does not meet the eligibility criteria if applicable) will be notified of the referral, the reason(s) for referral, and the date of the AC meeting (if confirmed). They may submit, within a reasonable deadline before the meeting, any additional information that they wish the AC to consider.

The Licensure Department will prepare all the information that is relevant to the application for the AC to consider, such as the requirements received for the pharmacy application; information of the pharmacy, the direct owner, all indirect owner(s) if applicable, and the manager; the [attestation](#), the [Criminal Record History](#) result within the previous 6 years, and the [PODSA Form 6: Manager/Direct Owner/Indirect Owner – Notice of Ineligibility](#) completed by the individual who cannot attest to all statements in the attestation; as well as any College documents regarding the information provided in *PODSA Form 6*.

The AC will review the information provided and consider the following before making their decision(s):

- Whether or not the conviction under the *Criminal Code* (Canada) within the previous 6 years was for an offence that is relevant to the provision of drugs or devices, or to the operation of a pharmacy; or
- Whether or not the circumstances resulting in the judgment referred to in section 3 (g) of the Act; the suspension or cancellation referred to in section 3 (h) of the Act; or the disciplinary action referred to in section 3 (i) of the Act are such that there is minimal risk to the public if the pharmacy licence is issued, renewed or reinstated.

Upon reviewing all available information and considering the applicable test above, the AC will make one of the following decisions:

1. Issue, renew or reinstate the pharmacy licence;
2. Issue, renew or reinstate the pharmacy licence with conditions; or
3. Refuse to issue, renew, or reinstate the pharmacy licence.

The AR (and the person who does not meet the eligibility criteria) will be notified of the decision from the AC within 10 days from the meeting date.

Opening a Pharmacy

Before a pharmacy in B.C. can open to the public, it must be licensed by the College. To be licensed, the direct owner (including the indirect owner, if applicable, and the manager) and the new pharmacy must meet all of the requirements in the [Pharmacy Operations and Drug Scheduling Act \(PODSA\)](#) and the [Health Professions Act \(HPA\)](#), [their regulations](#), and the [College bylaws and policies made pursuant to these Acts](#).

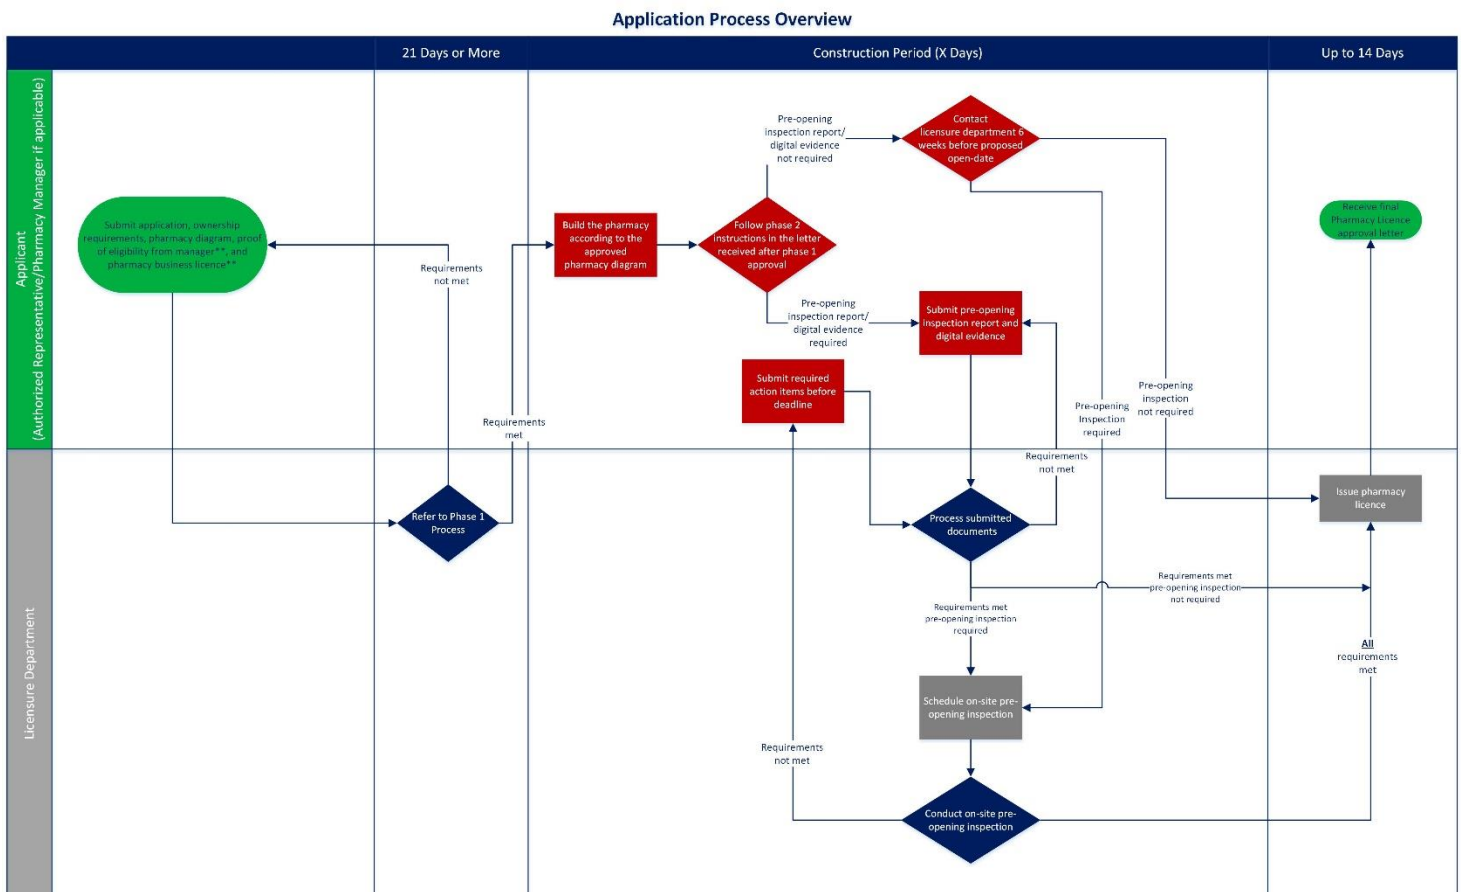

Application Process Overview

The application process for different pharmacy licence types is similar with a few minor differences. For details, refer to the pharmacy licence type you are applying in each step below.

Generally, there are two phases involved during the application process and each phase has its own purpose:

- Phase 1** – Confirming all direct/indirect owners (and manager) meet the eligibility criteria in *PODSA*;
- Phase 2** – Confirming the new pharmacy meets all physical requirements.

Figure 5. New Pharmacy Licence Application Process Overview

*ownership requirements include ownership information and attestation from each applicable direct/indirect owner
 ** can be submitted in phase 2

[\(Download “New Pharmacy Licence Application Process Overview” Diagram\)](#)

Processing times

Your pharmacy licence application will **only be** processed upon receipt of **all** the required documents/requirements. It is important to know what documents/requirements you must submit and when you have to submit them depending on the type of ownership of the pharmacy. If the direct owner of your pharmacy is a corporation, use the [Ownership Requirements \(Corporation as Direct Owner\) Checklist](#) as a guide to understand and collect all ownership requirements.

Processing times for new pharmacy applications will vary depending on the length of time it takes for applicant(s) to satisfy the following criteria:

- All required documents are submitted at the time of application;
- All required documents are submitted on time;
- All submitted documentation contains complete and accurate information;
- The pharmacy diagram includes all the requirements;
- Pharmacy is built in accordance with the approved pharmacy diagram;
- No instances of non-compliance are identified during the pre-opening inspection;
- No referral to the Application Committee is required.

The submission of an incomplete or unsatisfactory application will result in additional processing time (up to 14 days).

On average, it takes approximately 6 to 12 months to open a new pharmacy (including construction time).

Licensure Date

Some licensure documents ask you to provide an expected licensure date; or a date by which you expect to receive your pharmacy licence. It is important that you understand the requirements, timeline and possible delays for each phase when determining your expected licensure date. We recommend that you allow yourself leeway when determining your expected licensure date in order to account for possible delays.

Notify the Licensure Department should there be a change to the expected licensure date originally indicated in your pharmacy licence application.

Note that your licensure date will not necessarily be the same as your opening date. There are often other parties outside the College that you will have to make separate arrangements with and whose timelines can affect your opening date. Please refer to the [Other Considerations \(Non-College Related\)](#) section for more information.

Submission of Application and Required Documents

You may submit your pharmacy licence application and required documentation to the College's Licensure Department in one of the following ways:

- Email: licensure@bcpharmacists.org (*preferred method*)
- Fax: 604-733-2493 or 1-800-377-8129
- Mail: 200-1765 West 8th Avenue, Vancouver BC, V6J 5C6
- In-person at the College's office

Phase 1: New Pharmacy Licence Application + Pharmacy Diagram + Ownership Requirements

The purpose of phase 1 is to confirm that the direct owner is eligible to hold the pharmacy licence when the pharmacy is approved to be licensed. Ownership information and Proof of Eligibility from each direct/indirect owner are collected during this phase. The pharmacy diagram is also reviewed during this phase to ensure that the pharmacy can complete phase 2 smoothly.

Phase 1 involves submitting:

1. [New pharmacy licence application form and the application fee](#);
2. [Pharmacy diagram](#);
3. [All required ownership documents](#) (if applicable); and
4. [Proof of Eligibility](#) from [each applicable direct owner or indirect owner](#) .

Items #1, #2, #3 and the first part² of #4 will take up to 14 days for the College to process upon receipt of all documents. When processing is complete, the manager and all applicable direct/indirect owners will receive instructions via email to complete their Criminal Record Histories if one has not been completed with the College in the previous 5 years.

When all the requirements for Phase 1 are met, Health Insurance BC (HIBC) of the Ministry of Health will be notified. You will also receive a notification via email and may start building your pharmacy according to the approved pharmacy diagram.

It is the responsibility of the pharmacy owner to understand what the physical requirements are before building the pharmacy. Refer to [Appendix B](#) for further information.

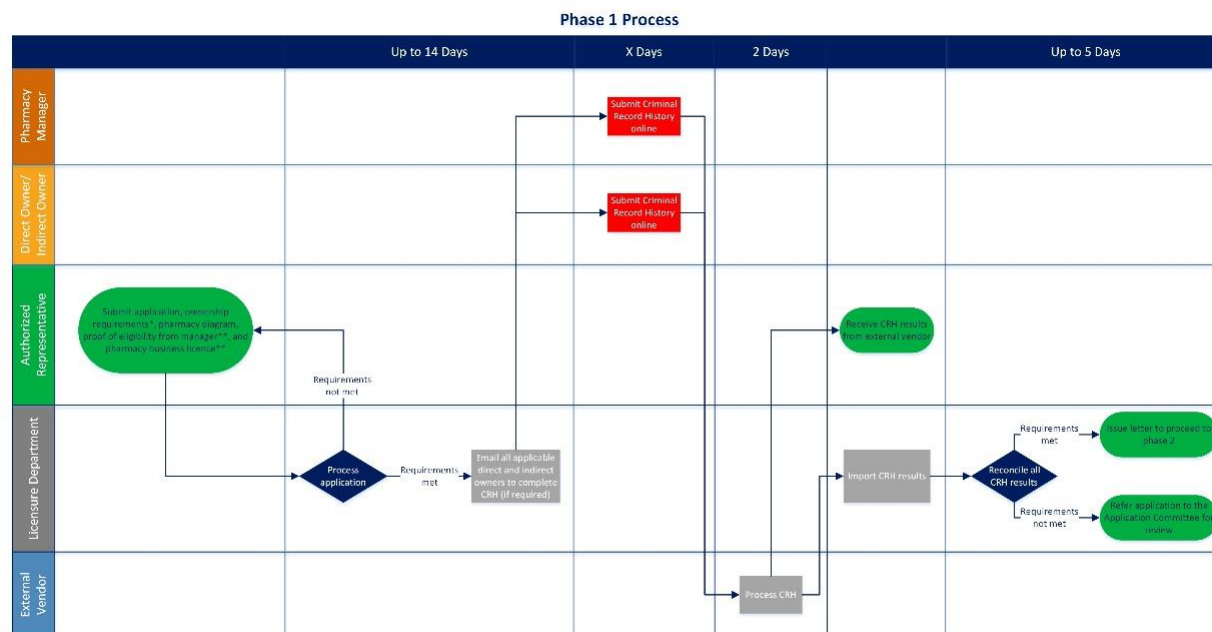

Note that if any information you submitted in Phase 1 is changed, you must notify the [Licensure Department](#) as soon as possible to avoid a delay in the licensure process.

A new pharmacy licence application is valid for 3 years. You will need to reapply if your new pharmacy is not open within 3 years from the date you submitted the application. If your

² [Proof of Eligibility](#) consists of an [attestation](#) and a [Criminal Record History](#). You will submit an attestation first before receiving instructions to complete your Criminal Record History.

pharmacy does not open within 1 year from the date you submitted the application, all applicable direct/indirect owners, as well as the manager will have to resubmit their [attestation](#) using [PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility](#) before the new proposed licensure date.

Figure 6. Phase 1 Process

*ownership requirements include ownership information and attestation from each applicable direct/indirect owner
**can be submitted in phase 2

[\(Download Phase 1 Process Overview Diagram\)](#)

New Pharmacy Licence Application Form

The [authorized representative](#) of the direct owner of a pharmacy is to complete and submit the new pharmacy licence application form along with [the application fee\(s\)](#) based on the [type of pharmacy licence](#) you wish to apply for:

- [Community Pharmacy Licence](#)
- [Hospital Pharmacy Licence](#)
- [Pharmacy Education Site Licence](#)
- [Telepharmacy \(Community\) Licence](#)

Submit this form if you wish to apply for the [authorization to operate a hospital pharmacy satellite](#).

Note that your application will not be considered complete until payment is received by the College.

A new pharmacy licence application is valid for 3 years. You will need to reapply by submitting all requirements again if your new pharmacy is not open within 3 years from the date you

submitted the application. The College does not retain documents that were submitted for an expired application.

Operating Name

Your Operating Name is the name used to carry on the pharmacy business. This name is also known as the “Doing Business As” (DBA) Name’.

This name can be the same as, similar to, or completely different from the name of the direct owner or the name on the external signage of a pharmacy. It must be a unique name for the College.

External Signage Name

The External Signage Name is the name printed on the external signage (store front) of the premises where the pharmacy or telepharmacy is located. This is the name recognized or identified by the public as the “pharmacy name”. This name must also be included on the prescription labels.

This name can be the same as, similar to, or completely different from the operating name. It can be a unique name or common name such as trade name, brand name, banner name or franchise name.

Below are some examples to illustrate some common scenarios:

Acceptable Scenario	Direct Owner Name	Operating Name	External Signage Name	Name used on Prescription Label
#1	BBB Pharmacy Ltd	BBB Pharmacy	BBB Pharmacy	BBB Pharmacy
#2	CDE Pharmacy Inc.	CDE Pharmacy	Trade Name Rx	Trade Name Rx CDE Pharmacy
#3	Chain Corp.	Chain Drugs and Rx #1	Chain	Chain Pharmacy #1
#4	123456 Co.	Rx Drugs	Banner Name	Banner Name – Location

Pharmacy Diagram

The “pharmacy diagram” is also known as the floor plan of the pharmacy. It is a drawing, to scale, of the spatial relationships between rooms, spaces and other physical features. Dimensions are usually drawn between the walls to specify room sizes and wall lengths.

The pharmacy diagram required for licensure must be professionally drawn (i.e. digitally created, not hand drawn) to scale with the scale or conversion included in the drawing. The recommended scale is ¼ inch equals 1 foot. It must include measurements, details of fixtures such as sinks, and entrance(s) to the pharmacy. The diagram must demonstrate compliance with the physical requirements outlined in the *PODSA* bylaws and applicable policies. Only digital copies of the diagram will be accepted.

A summary of all requirements to be shown in a diagram as well as digital evidence (for Phase 2) can be found in the [Appendix B](#).

Physical requirements specific to the pharmacy diagram can also be found in the checklists below:

- [Community Pharmacy/Telepharmacy Diagram Checklist](#)
- [Hospital Pharmacy/Hospital Pharmacy Satellite Diagram Checklist](#)

Note: Pharmacy diagrams are not required for Pharmacy Education Sites.

Notify the [Licensure Department](#) should there be any changes made to the original pharmacy diagram approved in Phase 1. Compliance with the requirements will be confirmed at the pre-opening inspection stage in Phase 2.

The pharmacy diagram will be attached to the pharmacy's record at the College and be used for inspection purposes by the College inspectors.

Ownership Information

The documents and information required for ownership will depend on the business structure of the **direct owner** of the pharmacy, regardless of the type of pharmacy licence being applied for.

Sole Proprietorship

If the direct owner is a [sole proprietorship](#), submit:

- A copy of the *Statement of Registration of General Partnership or Sole Proprietorship*

Partnership of Pharmacists

If the direct owner is a [partnership of pharmacists](#), submit:

- A copy of the *Statement of Registration of General Partnership or Sole Proprietorship*

Corporations

If the direct owner is a [corporation](#) (BC), submit:

1. A copy of the [British Columbia Company Summary \(BCCS\)](#)
 - The corporation must be *in good* standing with the BC government.
 - The corporation must have filed their Annual Report within 2 months from the most recent anniversary date of incorporation.
 - The BCCS must be current (i.e. the copy was retrieved recently prior to submission and no changes have been made to the corporation since the retrieval date)

2. A copy of page 1 of [PODSA Form 7: Indirect Owner – Email Contacts](#):
 - If the direct owner is a publicly traded corporation, include the contact information of each **director** and **officer**.
 - If the direct owner is a non-publicly traded corporation, include the contact information of each **director**, **officer** and **shareholder**.

If the direct owner is a non-publicly traded corporation (BC), also submit:

3. A certified true copy³ of the Central Securities Register;
4. If a shareholder is a non-publicly traded BC corporation (i.e. the “parent company”), also submit #1, #2 (but page 2 instead) and #3. Repeat again if a shareholder of the parent company is a non-publicly traded BC corporation until there is no more.

It is important that:

- The information is current, correct and legible;
- The legal name of each indirect owner provided in Form 7 is accurate as it will be used to create the record for the indirect owner at the College (if the indirect owner is not already known to the College) and to match with the request and result of the [Criminal Record History](#).
- Use the appropriate checklist as a guide to understand and collect all required ownership documents:
 - [Ownership Requirements \(Corporation as Direct Owner\) Checklist](#) for a new pharmacy application or a change of direct owner application; or
 - [Pharmacy Licence Renewal Checklist](#) for pharmacy licence renewal application.

Hospital

If the direct owner is a hospital, select “Other” (if applying for a community pharmacy licence) in the Direct Owner Information section on the application form and provide the

- Name of hospital where the pharmacy is located; and
- Name of Health Authority.

No additional ownership documents are required.

Association

If the direct owner is an association, select “Other” in the Direct Owner Information section on the application form and provide the following information:

- Name of the entity; and
- BC Incorporation Number.

No additional ownership documents are required unless otherwise requested.

³ “**Certified true copy**” means that it is a true copy of the original document. The notary public or lawyer must indicate on the copy that it is a ‘true copy’ of the original document. “Certified copy of a copy of a document” is not acceptable. Use only a **notary public** or **lawyer** to certify your Central Securities Register. Other professionals will not be accepted.

Society

If the direct owner is a society, select “Other” in the Direct Owner Information section on the application form and provide the following information:

- Name of the entity; and
- BC Incorporation Number.

No additional ownership documents are required unless otherwise requested.

University

If the direct owner is a university, select “Other” in the Direct Owner Information section on the application form and provide the name of the university.

No additional ownership documents are required unless otherwise requested.

Others

For all other type of direct owners, please contact the [Licensure Department](#) for more information.

Proof of Eligibility from Direct/Indirect Owners

[Proof of Eligibility](#) consists of two components: [Attestation](#) and [Criminal Record History](#).

Attestation

Submit a signed copy of the [attestation](#) using [PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility](#) from [each applicable direct owner or indirect owner](#).

If your pharmacy does not open within 1 year from the date you submitted the application, all applicable direct/indirect owners, as well as the manager will have to resubmit their [attestation](#) using [PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility](#) before the new proposed licensure date.

Criminal Record History

[Criminal Record History](#) is required if one has not been completed with the College in the previous 5 years.

Each direct owner or applicable indirect owner will receive instructions via email to complete their [Criminal Record History](#) through the [approved external vendor](#) upon confirmation of ownership information and receipt of all attestation forms.

Please do not complete a Criminal Record History before receiving the email from the College.

It will take up to 7 days to process a [Criminal Record History](#) result.

Phase 1 or 2: Business Licence and Proof of Eligibility from Manager

The following requirements can be submitted either with Phase 1 or Phase 2 requirements as they may not be available until later on in the process:

- [Business Licence](#) of the new community pharmacy or telepharmacy;
- [Proof of Eligibility from the Manager](#).

Business Licence (Community Pharmacy/Telepharmacy Only)

Submit a valid business licence issued by the jurisdiction (e.g. municipality, town or village) where your new pharmacy or telepharmacy is located. You may submit it either in Phase 1 or Phase 2 of the licensure process and it must be received by the College before a community pharmacy/telepharmacy licence will be issued.

If the new pharmacy or telepharmacy is located in a jurisdiction that does not issue a business licence, provide a letter or correspondence from the jurisdiction which confirms that they do not issue a business licence.

A valid business licence must include:

1. **Name of the person or entity (e.g. partnership or corporation) that owns the pharmacy**
 - The “**owner’s name**” on the business licence must be consistent with the name of the pharmacy’s direct owner reported in the pharmacy licence application. If the direct owner of your pharmacy is a corporation, the “owner’s name” on the business licence must be the same as the one named in the *BC Company Summary* (i.e. the corporation name).
2. **Operating Name of the pharmacy**
 - The “**business’s name**” on the business licence must be consistent with the **operating name** (not external signage name) used in the pharmacy licence application.

The following format should be used if the business licence does not show the “owner’s name” and “business’s name” separately: “[Corporation name] DBA [Business name]”
Note: DBA means “*Doing Business As*”

3. **Address of the pharmacy**
4. **Validity period of the business licence**
 - The business licence must be valid (i.e. not expired) at the time of submission.

Allow up to 7 days for processing if this is not submitted at the same time with all the documents in Phase 1 or Phase 2.

Note that any changes to the above information (i.e. direct owner's name, pharmacy name and address) will require the submission of an updated business licence to the College along with the appropriate change application. See the section titled [Making Changes to a Licensed Pharmacy](#) for more information.

See [Appendix A](#) for a sample of the pharmacy's business licence and some common reasons for rejecting a business licence for a pharmacy licence application.

Proof of Eligibility from Manager

[Proof of Eligibility](#) consists of two components: [Attestation](#) and [Criminal Record History](#).

Notify the [Licensure Department](#) if there are any changes to the original manager named in the application submitted in Phase 1. The "new" manager will have to submit his/her [Proof of Eligibility](#) before the pharmacy licence can be issued regardless of whether all other documents are complete.

Attestation

Submit a signed copy of the [attestation](#) using [PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility](#) from the manager.

Allow up to 7 days for processing if it is not submitted at the same time with all the documents in Phase 1 or Phase 2. *Note that when applying for a new telepharmacy licence or new hospital pharmacy satellite, the manager of the central pharmacy must submit his/her attestation in Phase 1.*

Criminal Record History

[Criminal Record History](#) is required if one has not been completed with the College in the previous 5 years.

He/she will then receive instructions via email to complete their [Criminal Record History](#) through the [approved external vendor](#). *Please do not complete a Criminal Record History before receiving the email from the College.*

It will take up to 7 days for processing a [Criminal Record History](#) result.

If your pharmacy does not open within 1 year from the date you submitted the application, all applicable direct/indirect owners, as well as the manager will have to resubmit their [attestation](#) using [PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility](#) before the new proposed licensure date.

Phase 2: Pre-Opening Inspection + Initial Licence Fee

The purpose of phase 2 is to confirm that the new pharmacy meets all physical requirements and is ready for licensure.

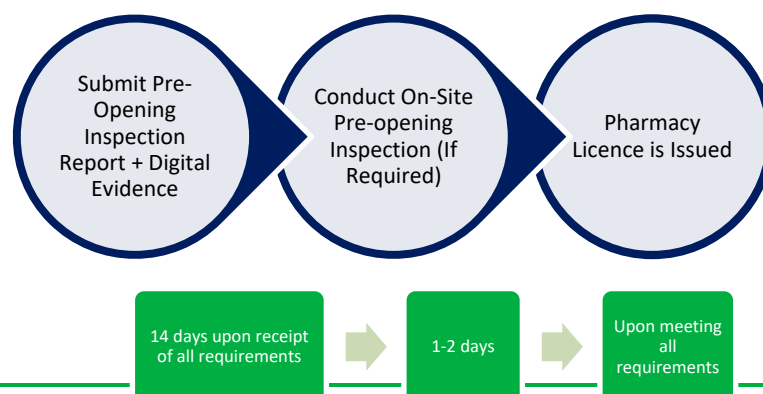

In addition to paying for the [initial licence fee](#), phase 2 involve:

1. Submitting/completing the [Pre-Opening Inspection Report](#) with [supporting digital evidence](#) by the manager or the direct/indirect owner; and/or
2. Conducting an [on-site pre-opening inspection](#) by a College Inspector.

The table below summarizes the requirements for phase 2 based on licence type. Click on the link in the header row for more information:

Licence Type	Pre-Opening Inspection Report with Supporting Digital Evidence	On-site Pre-Opening Inspection (Scheduled)
Community Pharmacy	Required: Submit at least 45 days before the proposed licensure date	If required, will be notified in advance and scheduled within 30 days before the proposed licensure date
Hospital Pharmacy	Use the <i>Pharmacy Pre-Opening Inspection Report</i> to prepare for the inspection. Only required to submit if instructed upon completion of phase 1	Required: will be scheduled at least 45 days before proposed licensure date
Pharmacy Education Site	Not required	If required, will be notified in advance and scheduled at least 30 days before proposed licensure date
Telepharmacy (Community)	Required: Submit at least 45 days before the proposed licensure date	Required (at both Telepharmacy and Central Pharmacy): will be scheduled at least 30 days before proposed licensure date

Figure 7. Phase 2 Process

Pre-Opening Inspection Report and Digital Evidence

During this step, you will have to submit the following two items at least 45 days before the proposed licensure date:

1. [Pre-Opening Inspect Report](#) for you to confirm that your new pharmacy meets all physical requirements; and
2. [Supporting Digital Evidence](#) for the College to confirm that your new pharmacy meets all physical requirements.

Pre-Opening Inspection Report

Submit a completed copy of the *Pre-Opening Inspection Report* for your pharmacy licence type with supporting digital evidence to confirm compliance at least 45 days before the proposed licensure date:

- [Pharmacy Pre-Opening Inspection Report – Community Pharmacy](#)
- [Pharmacy Pre-Opening Inspection Report – Hospital Pharmacy](#)
- [Pharmacy Pre-Opening Inspection Report – Telepharmacy \(Community\)](#)

Ensure that you have read and understand the requirement(s) for each item in the *Pharmacy Pre-opening Inspection Report* before producing digital evidence. The digital evidence for each item must demonstrate that the item meets the legislative requirements. See [Appendix B](#) for details (Community Pharmacy and Telepharmacy Only).

If you are applying for a **new pharmacy licence** or **Change of Location**, complete the entire report and submit supporting digital evidence for each item in the report. If you are applying for a **Change in Layout**, follow the instructions in your letter from the College for which section(s) to complete.

Supporting Digital Evidence

The digital evidence for each item must demonstrate that the item meets the legislative requirements. The digital evidence must be **recently produced at the new pharmacy** site and **must not** be the same digital evidence that was previously submitted for the same location or any other location. If there are photos that cannot be taken at the site, explain the reasons in the inspection report.

To avoid delays in processing your pharmacy application, your digital evidence must provide sufficient context for the College to determine whether the requirements are met. Review [Appendix B](#) Community/Telepharmacy Pharmacy Diagram, Pre-Opening Inspection Report and Digital Evidence before completing these requirements. [Appendix B](#) provides a list of recommended digital content and should be used as a reference when taking photos and compiling digital evidence. Also refer to [Appendix D](#) if your pharmacy compounds sterile preparations (hazardous and/or non-hazardous).

Use one of the following 3 options below to help the College identify the appropriate digital evidence for each item (**Option #1 is recommended**):

1. Insert photos, videos and/or the URLs in one of the PowerPoint documents below based on your licence type and submit the complete document along with the *Pharmacy Pre-Opening Inspection Report*.
 - [Digital Evidence Submission Form – Community Pharmacy](#)
 - [Digital Evidence Submission Form – Hospital Pharmacy](#)
 - [Digital Evidence Submission Form – Telepharmacy \(Community\)](#)
2. Enter the original filename and/or the URL in the comment field for each physical requirement on the *Pharmacy Pre-opening Inspection Report*. Submit the photos/videos as separate attachments along with the *Pharmacy Pre-opening Inspection Report*. See example below:

#	Item	Reference and Requirements	Compliant	Comment	CPBC Use
9a	Name badge	<i>PODSA Bylaws s.3(2)(m)</i> A manager must ensure that each individual working in the pharmacy wears a badge that clearly identifies the individual's registrant class or other status.	✓	IMG_0330.jpg	

3. Rename the filename of each photo/video to include the item number and item name as found in the *Pharmacy Pre-opening Inspection Report* before submitting them as separate attachments along with the *Pharmacy Pre-opening Inspection Report* (i.e. you do not need to enter file name in the *Pharmacy Pre-opening Inspection Report*). See example below:

Pre-Opening Inspection by College Inspector

The [authorized representative](#) named in the application will receive an email from the [Licensure Department](#) with advance notice that their pharmacy is scheduled for an on-site inspection, if required, upon successful completion of Phase 1 of the new pharmacy licensure process or upon processing the *Pre-opening Inspection Report* in Phase 2.

The on-site inspection will be scheduled based on the availability of the [authorized representative\(s\)](#), the manager and the College Inspector. A confirmation email will be sent to both the [authorized representative\(s\)](#) and the manager at least one week prior to the on-site inspection.

The College Inspector will use the same *Pre-Opening Inspection Report* to confirm compliance for each physical requirement. An on-site inspection generally takes up to 4 hours.

If any non-compliance items are identified during the inspection, the [authorized representative\(s\)](#) and the manager will be required to complete all action items and submit any supporting documents before the deadline date so that the pharmacy licence can be issued on the proposed licensure date.

Initial Licence Fee

The initial licence fee must be paid before a new pharmacy or telepharmacy licence will be issued when all requirements are met.

The payment form for all pharmacy licence types (except Pharmacy Education Site) can be found: [Payment Form – New Pharmacy Licence](#).

Issuance of a Pharmacy Licence

A pharmacy or telepharmacy licence will be issued once the pharmacy has met all the requirements. The [authorized representative](#) named in the application will receive a confirmation letter via email when your pharmacy or telepharmacy is licensed.

[Your pharmacy or telepharmacy licence will be available in the Pharmacy Portal on eServices](#) on the next business day. Print the licence when it is available and then place it within the pharmacy where it is conspicuous to the public as required under *PODSA*.

Note that any [changes](#) to the information on the pharmacy licence will require a re-issuance or amendment to the pharmacy licence upon completion of the change application. See the section in this licensure guide that applies to your licence and/or ownership type for more information.

A pharmacy licence (community/hospital/pharmacy education site) is valid for 12 months. The first telepharmacy licence will be valid until the expiry date of its central pharmacy's licence (and pro-rated). The subsequent telepharmacy licence will be valid for 12 months and be renewed at the same time as its central pharmacy's licence.

The pharmacy/telepharmacy licence must be renewed through eServices annually, **no later than 30 days** before the expiry date. An email notification will be sent to all [authorized representatives](#) of the pharmacy approximately **75 days** (i.e. 2 ½ months) before the pharmacy licence expires. All [authorized representatives](#) of the pharmacy must keep their contact information on eServices up-to-date. They must not unsubscribe from the College's email list as this is the primary communication tool used by the College. Refer to the [Pharmacy Licence Renewal](#) section for more information.

Other Considerations (Non-College Related)

Obtaining a pharmacy licence is only one of many critical steps required to open your pharmacy. In order to operate fully in the provision of pharmacy services, you must also contact and coordinate with other parties outside the College who usually have their own requirements, processes and timelines to follow.

Inspection by Municipality

Many municipalities require an on-site inspection before a business licence can be issued to a new business. Some municipalities also require an on-site inspection for a change of ownership before a new business licence can be issued. Contact the municipality where the pharmacy is located for more information.

PharmaNet Connection

PharmaNet is a secure computer network that links all British Columbia community pharmacies and other authorized sites to a central set of databases. PharmaNet maintains various types of information to help pharmacists identify and alert patients about potentially harmful medication interactions, unintended duplications, and risks from the misuse of prescription drugs. It also uses the information to “adjudicate” claims according to current PharmaCare policies. All community pharmacies must connect to PharmaNet even if they are not enrolled as a PharmaCare provider because all prescriptions dispensed must be transmitted to PharmaNet using an approved, compliance-tested software vendor.

Health Insurance BC (HIBC) of the Ministry of Health is responsible for coordinating PharmaNet installation and connection for your pharmacy. All requests for a new pharmacy to have access to PharmaNet must be approved by both the Ministry and the College of Pharmacists of BC.

The College notifies HIBC of your new pharmacy licence application upon completion of Phase 1 of your application when the ownership requirements are met and the pharmacy diagram is approved. HIBC will then contact you and coordinate the installation of telecommunications equipment (lines, modem and router) enabling you to connect to PharmaNet.

The installation and activation of a PharmaNet connection from the Ministry may take up to 50 business days, which may affect your expected opening date even if the pharmacy licence has already been issued.

The College sends the completed pharmacy licence to HIBC upon issuance, and HIBC will then activate PharmaNet when/after the new pharmacy is licensed.

Contact HIBC directly at: informationssupport@hbc.gov.bc.ca if you have any questions pertaining to PharmaNet installation, telecommunications requirements or connection. To learn more about PharmaNet or for specific connection requirements, refer to the [PharmaCare Policy Manual](#).

PharmaCare Provider Enrollment

PharmaCare is the provincial public insurance plan for drugs administered by the Ministry of Health. B.C. residents with Medical Services Plan of B.C. (MSP) coverage are eligible for coverage for drugs and medical supplies under various PharmaCare plans.

To apply for billing privileges with PharmaCare, refer to the [PharmaCare Provider Enrollment Guide](#) for more information.

Other Third Party Payers

Many patients may have private drug insurance coverage through their employer. In order to be a pharmacy provider for a particular third party payer, contact them directly.

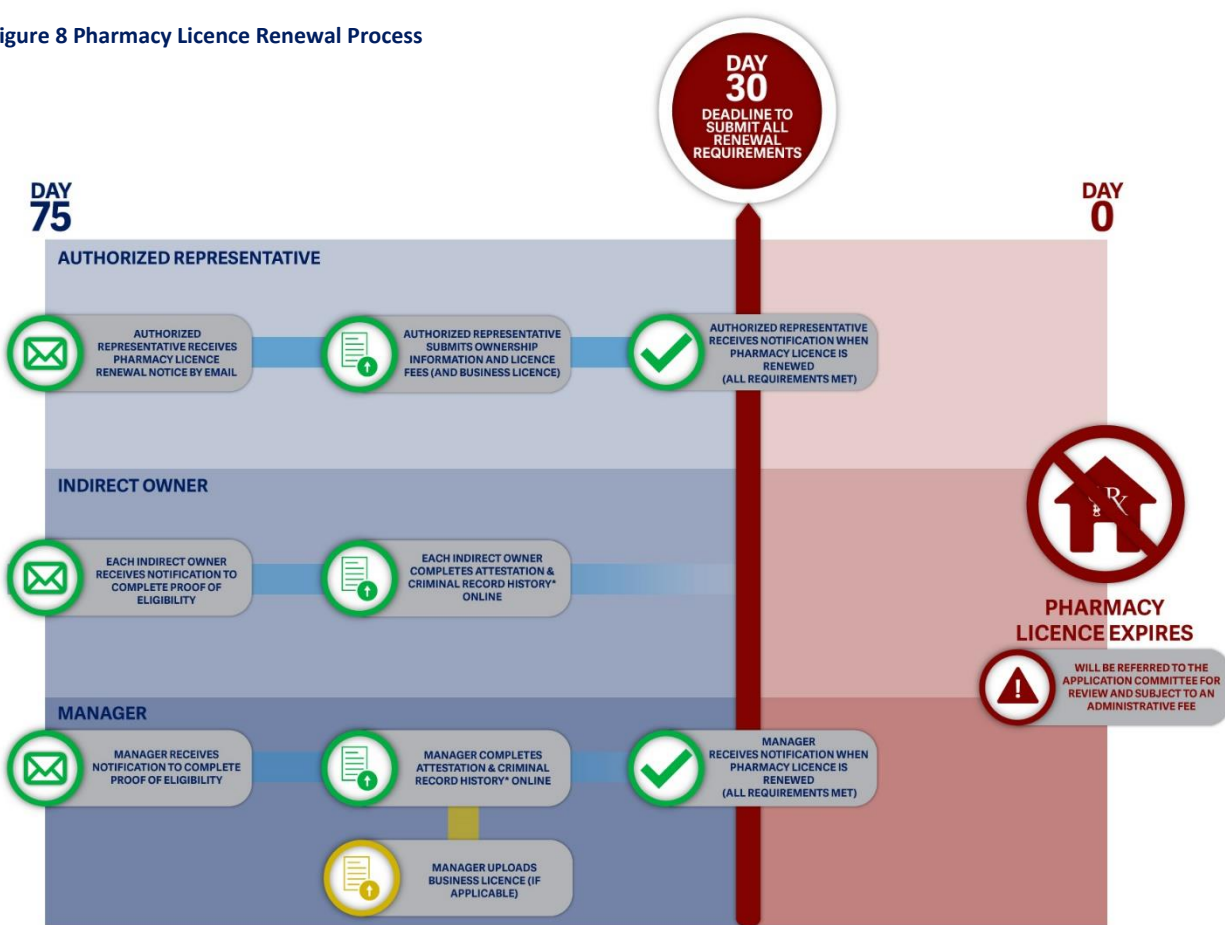

Renewing a Pharmacy Licence

A pharmacy licence must be renewed on an annual basis. The licence expiry date can be found on the pharmacy licence, which can be [downloaded from the Pharmacy Portal on eServices](#). A pharmacy licence must be renewed before the licence expiry date; otherwise it will be in contravention of the [Pharmacy Operations and Drug Scheduling Act](#) which will result in immediate closure of the pharmacy.

An email notification will be sent to all of the [authorized representatives](#) of the pharmacy approximately 75 days (i.e. 2 ½ months) before the pharmacy licence expires. Individuals who are required to submit their Proof of Eligibility will also receive notice on the same day. All requirements must be completed **no later than 30 days** before the pharmacy licence expiry date. Otherwise, it will be subject to an administrative fee and referral to the [Application Committee](#) for review.

All [authorized representatives](#) of a pharmacy must always keep their contact information on eServices up-to-date. They must not unsubscribe from the College's email list as it is the College's primary method of communication.

Figure 8 Pharmacy Licence Renewal Process

*To be completed once every 5 years

A pharmacy licence renewal is completed online through eServices by following these steps:

1. Apply for Pharmacy Licence Renewal

An [authorized representative](#) of the direct owner must submit the following as soon as possible upon receipt of the renewal notice:

- Application for Pharmacy Licence Renewal and licence fee;
- One of the following documents from the direct owner and all their parent companies (if any) if they are a B.C. incorporated, non-publicly traded corporation:
 - The most current copy (issued within the last year) of the *BC Company Summary*; OR
 - A copy of the Annual Report filed within the last year.
- [Business licence](#)^{4, 5, 6} of each pharmacy due for renewal;

Use this [renewal checklist](#) to help you identify all required documents.

Click on the link to view a sample of the [BC Company Summary](#) or [Annual Report](#).

To learn how to submit these requirements on eServices, refer to the [eServices Tutorial for Pharmacy Licensure](#) section.

Allow up to 14 days for processing.

2. Submit Proof of Eligibility

The manager and all direct/indirect owners (individuals) in the College's records will receive instructions via email (at the same time the renewal notice is sent) to submit their [Proof of Eligibility](#) through their eServices account under the **My Profile** tab.

[Proof of Eligibility](#) from [all applicable individuals](#) must be submitted **no later than 30 days** before the licence expiry date. Instructions will be provided if a Criminal Record History is required. *It will take up to 7 days to process a [Criminal Record History](#) result.*

All [authorized representatives](#) of a pharmacy will receive a confirmation letter via email upon completion of the Pharmacy Licence Renewal application. A new pharmacy licence will be issued to the direct owner upon completion of the Pharmacy Licence Renewal Application. The

⁴ If the [authorized representative](#) of the direct owner of an existing pharmacy does not have the business licence of the pharmacy readily available when completing the Pharmacy Licence Renewal application, he/she may delegate the upload of the business licence to the manager. The [authorized representative](#) of the direct owner will be responsible for communicating this delegation to the manager and ensuring the business licence of the pharmacy is uploaded by the manager on eServices **no later than 30 days** before the pharmacy licence expires.

⁵ If the pharmacy is located in a jurisdiction that does not issue a business licence, upload a letter or correspondence from the jurisdiction which confirms that they do not issue business licences.

⁶ A business licence is not required for pharmacies that are owned by a hospital, a health authority or an education site.

[new pharmacy licence can be found on the Pharmacy Portal](#) on eServices once all requirements have been met, even if it occurs before the effective date.

Reinstating a Pharmacy Licence

When the direct owner of a pharmacy does not renew the pharmacy licence by the licence expiry date, the pharmacy is no longer licensed and must cease operations and close. If the direct owner wishes to reopen the pharmacy, the direct owner can reinstate the pharmacy licence by submitting a *Pharmacy Licence Reinstatement* application which follows the standard renewal process.

The direct owner must submit and complete all requirements, including Proof of Eligibility from all applicable individuals, within 90 days of the licence expiry date in order to reinstate the pharmacy licence. A *New Pharmacy Licence* application is not required if both the ownership information and pharmacy information is the same as before the pharmacy licence expired. However, if the pharmacy has a new direct owner, reinstatement of the pharmacy licence does not apply. The new owner must apply as a new pharmacy and complete the [New Pharmacy Licence application](#) before the pharmacy can open.

If the *Pharmacy Licence Reinstatement* application is not completed within the 90 day period, the direct owner will have to submit a *New Pharmacy Licence* application in order to reopen the pharmacy.

Note the full licence fee and a reinstatement fee apply for pharmacy licence reinstatement.

For further information on the reinstatement (renewal) requirements, please refer to the [Pharmacy Licence Renewal page](#) on the College website.

Making Changes to a Licensed Pharmacy

Any changes made to the information provided from your initial licensure must be reported to the College. The [authorized representatives](#) of the direct owner of a pharmacy will be responsible for submitting licensure applications for any of the following changes to licensure information:

1. [Change of direct owner](#) (i.e. when you are selling your pharmacy to another party, including amalgamation)
2. [Change of indirect owner](#) (i.e. when a director, officer, or shareholder, is being appointed or resigns from a BC non-publicly traded corporation that directly or indirectly owns the pharmacy).
3. [Change of manager](#)
4. [Change of authorized representatives](#) (for direct owners that are not corporations)
5. [Change of corporation name](#) (i.e. for pharmacies that are owned by a corporation; it applies to the name of the direct owner as well any indirect owners that are corporations)
6. [Change of operating name](#) (i.e. change of the business name of the pharmacy)
7. [Change of external signage name](#) (i.e. the name seen by the public at the store front of the pharmacy location).
8. [Change of location](#) (i.e. changing the physical address of where your pharmacy is located)
9. [Change of layout](#) (i.e. renovation resulting in changes to the measurements or the location of a physical requirement(s) in the original pharmacy diagram)

Any changes to the following information first submitted in the pre-opening inspection report in Phase 2 of the new pharmacy licence process can be submitted by the **manager** through the Pharmacy Portal on **eServices**:

1. [Change in pharmacy hours \(or Lock-and-leave hours\)](#)
2. [Change in pharmacy staff roster \(i.e. new hires and resignations\)](#)
3. [Change in types of pharmacy services provided \(e.g. compounding, OAT and injection services\)](#)

If your pharmacy is changing its **phone number** or **fax number**, email the [Licensure Department](#) to update the information.

Multiple Changes

Note that each change application is specific to one individual change. If multiple changes occur at the same time, you will have to submit multiple change application forms. For example, if you are changing the pharmacy name and the layout of the pharmacy (but ownership and manager information remains the same), you will have to submit an application for a *Change of Operating Name* and a separate application for a *Change of Layout* along with other requirements for each type of change.

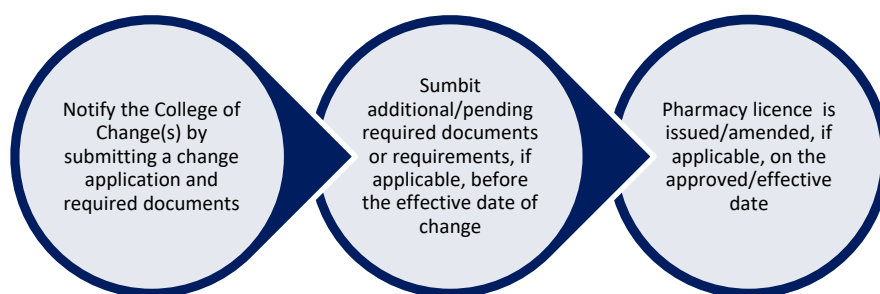

Same Change that Applies to Multiple Pharmacies

If a change applies to multiple pharmacies (e.g. change of direct owner which owns more than one pharmacy), you have two options to complete the change application for all applicable pharmacies:

1. Submit a change application for each pharmacy affected by the same change; OR
2. Submit a change application for one pharmacy and use the form named [Form 9: Pharmacy Licensure – Multiple Pharmacies](#) to list all other pharmacies impacted by the same change.

Application Process Overview

Below is an overview of the change application process. The process for a specific change mirrors the relevant piece (Phase 1 or Phase 2) in the [new pharmacy licence application](#) process.

Refer to the section in this licensure guide that applies to your application and/or ownership type for their specific requirements and process. Contact the [Licensure Department](#) if you have any questions.

Notification Period

You must notify the College as soon as you become aware of upcoming changes to ensure there is sufficient time to complete the change application. Many changes require additional steps to be completed between the time you have submitted the application form and the effective date of change. To notify the College of the change, complete your *change application form* (you may submit the other requirements after if they are not readily available).

It is important that changes to previously submitted licensure information be reported to the College in accordance with the prescribed time periods stipulated in *PODSA*, its Regulation and the *PODSA Bylaws*. Failure to do so may result in your pharmacy licence application being referred to the [Application Committee](#), which may delay the issuance of your pharmacy licence, or result in the referral of the indirect owners and/or the manager to the Inquiry Committee.

Refer to *Figure 9. Summary of Notification Deadlines, Processing Times and Impact on Pharmacy Licence Based on Type of Pharmacy Licensure Changes* for details.

Processing Times

Your change application will **only be** processed upon receipt of **all** required documents. It is important that you understand what documents you must submit, and when you have to submit them according to the type of change.

Figure 9. Summary of Notification Deadlines, Processing Times and Impact on Pharmacy Licence Based on Type of Pharmacy Licensure Changes summarizes the processing time for each type of pharmacy application.

Also refer to the section in this licensure guide that applies to your change application and/or ownership type for the actual processing time and requirements for each type of change. Additional processing time (up to 14 days) may be incurred if a document or requirement is missing, incomplete, non-compliant, or requires a referral to the [Application Committee](#). Application completion time is also dependent on the time it takes for owners/managers to complete certain required actions (e.g. submitting a [Criminal Record History](#)), or the time it takes to build (for relocations) or renovate your pharmacy.

Pharmacy Licence

The [authorized representative](#) named in the application will receive a confirmation letter via email upon completion of the change application. Certain types of changes may result in the issuance of a new pharmacy licence or an amendment to the current pharmacy licence once all requirements are met. *Figure 9. Summary of Notification Deadlines, Processing Times and Impact on Pharmacy Licence Based on Type of Pharmacy Licensure Changes* summarizes the impact on the pharmacy licence for each type of pharmacy application.

Your new/amended pharmacy or telepharmacy licence will be available in the Pharmacy Portal on eServices **the next business day either after the effective date or when the application has been approved (if requirements are missing by the effective date)**. Print the new/amended pharmacy licence and place it within the pharmacy where it is conspicuous to the public as required under *PODSA*. Refer to the [Downloading a Pharmacy Licence](#) section for steps on downloading a pharmacy licence.

Note that any changes to the information on the pharmacy licence will require a re-issuance or amendment to the pharmacy licence upon completion of the change application. See the section in this licensure guide that applies to your change application for more information.

Figure 9. Summary of Notification Deadlines, Processing Times and Impact on Pharmacy Licence Based on Type of Pharmacy Licensure Changes

Type of Change	Notification Deadline	Processing Time	Pharmacy Licence
Direct Owner	No later than 30 days before effective date	Up to 14 days then another 7 days for processing CRH results*	New one issued on the next business day after the effective date
Indirect Owner	No later than 7 days before effective date	Up to 7 days then another 7 days for processing CRH result from the new indirect owner(s)*	No change
Manager	No later than 7 days before effective date	Up to 7 days for processing CRH result from the new manager*	New one issued when approved
Authorized Representatives	As soon as possible	Up to 7 days	No change
Corporation Name	No later than 7 days before effective date	Up to 7 days	Amended one available on the next business day after the effective date**
Operating Name	No later than 7 days before effective date	Up to 7 days	Amended one available on the next business day after the effective date
Location (Relocation)	No later than 30 days before opening date at the new location	7 days for reviewing pharmacy diagram; 14 days for reviewing pre-opening inspection report & digital evidence	New one issued on the next business day after the effective date
Layout (Renovation)	No later than 30 days before renovation occurs	7 days for reviewing pharmacy diagram; 7 days for reviewing pre-opening inspection report & digital evidence	No change

*Subject to when the applicable individual completes their [Criminal Record History](#)

**If name change applies to the direct owner

Submission of Application and Required Documents

Other than a *Change of Manager* or *Change of Indirect Owner* application which is to be submitted on eServices, the preferred method of submitting your pharmacy licence application and required documents is via email to the Licensure Department at licensure@bcpharmacists.org, especially when the application package contains any personal or sensitive information. You may also submit your application and/or required documents by fax or in-person at the College office.

The requirements for each type of change are set out in section 16 or 17 of the [PODSA bylaws](#). Refer to the section in this licensure guide that applies to your change application for more information.

Below is a table summarizing the requirements for each type of change:

Type of Change	Application Form	Updated Ownership Information	Proof of Eligibility from New Individuals	Updated Pharmacy Diagram	Pre-Opening Inspection Report	New Business Licence
Direct Owner	Paper	✓	✓ (also the manager)			✓
Indirect Owner	Online	✓	✓			
Manager	Online		✓			
Authorized Representative	Paper					
Corporation Name	Paper	✓				✓ (If name change applies to direct owner)
Operating Name	Paper					✓
External Signage Name	Paper				✓ (2 items)	
Location (Relocation)	Paper			✓	✓	✓
Layout (Renovation)	Paper			✓	✓ (simplified)	

Change of Direct Owner

A change of direct owner usually occurs in anticipation of the sale of a licensed pharmacy from another legal entity. It may also occur during a merger, acquisition, or amalgamation.

The direct owner holds the pharmacy licence and the name of the direct owner is a legislative requirement for a pharmacy licence. Pursuant to section 6(1)(c) of *PODSA*, a pharmacy licence is cancelled when the direct owner of the pharmacy changes. A change of direct owner essentially requires a new pharmacy licence application.

The information of the direct owner of a pharmacy is provided in Phase 1 of the new pharmacy licence application process. If the direct owner is a sole proprietorship or partnership of pharmacists, these direct owners must demonstrate that they meet the ownership requirements in *PODSA* before a pharmacy licence can be issued. The same requirements also apply to the indirect owners when the direct owner is a corporation. As such, any changes to the information of the direct owner must be reported to the College for licensure purposes.

The process and processing time for a Change of Direct Owner application follows the same process as in [Phase 1 of the New Pharmacy Licence application](#) (except that a pharmacy diagram is not required). Refer to [Figure 6](#) for the timeline involved. It takes approximately 21 days to complete the process, subject to all applicable direct/indirect owners submitting their [Criminal Record History](#) as part of [Proof of Eligibility](#).

1. Apply for a Change of Direct Owner

The [authorized representative](#) of the **new direct owner** must submit the following **no later than 30 days** before the effective date of change pursuant to section 4(c) of the [Pharmacy Operations General Regulation](#):

- [PODSA Form 8A: Application for Change of Direct Owner](#) and applicable fees;
- A copy of the pharmacy's [business licence](#) issued to the **new direct owner***;
- [Ownership information](#) of the **new direct owner***;
- Signed copy of the [attestation](#) using [PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility](#) from the **manager** of the pharmacy at the time when the change occurs; and
- Signed copy of the [attestation](#) using [PODSA Form 5: Manager/Direct Owner/Indirect Owner – Proof of Eligibility](#) from **each applicable direct/indirect owner** of the **new direct owner**.

If the **new direct owner** is a corporation, use this [checklist](#) to help you submit all required documents.

*if available when the change application is submitted. Otherwise, it must be submitted before the effective date of change. Complete the [“Deferred Submission of a Required Document\(s\) for Change Application” declaration form](#) and contact the [Licensure](#)

[Department](#) if you have issues obtaining your business licence, or ownership information due to an amalgamation of corporations before the effective date.

Allow up to 14 days for processing.

A [pharmacy diagram](#) is not required for a change of direct owner; therefore, it is the responsibility of the direct owner to confirm the layout of the pharmacy has not changed since the pharmacy licence was first issued or since a Change of Layout application was made.

2. Submit Criminal Record History (CRH) to Complete Proof of Eligibility

Upon validation of the ownership information submitted by the new direct owner, each applicable direct/indirect owner and the manager will receive instructions to complete their [Criminal Record History](#) if one has not been done with the College in the previous 5 years.

The CRH must be submitted by all applicable individuals **no later than 7 days** before the effective date of change.

Please do not complete a Criminal Record History before receiving the email from the College.

It will take up to 7 days to process a [Criminal Record History](#) result.

The [authorized representative](#) named in the application will receive a confirmation letter via email upon completion of the change application. The College will also notify Health Insurance BC (HIBC) of the Ministry of Health of this change.

A new pharmacy licence will be issued to the **new direct owner** upon completion of the Change of Direct Owner application. The new [pharmacy licence can be found on the Pharmacy Portal on eServices](#) on the next business day after the effective date. Should any requirements be missing on this date, the effective date stated on the pharmacy licence will then reflect the date of the College's approval.

Note that this change process and its requirements are specific to change of direct owner only. Should other changes accompany this change (e.g. change in manager*/operating name/layout), a separate application for that particular change will also be required. See the [Multiple Changes](#) section for more information.

*If you are changing the manager with the same effective date as the change of direct owner, please also submit: [PODSA Form 8C: Application for Change of Manager](#).

Should this change apply to other pharmacies at the same time, please submit a separate [PODSA Form 8A: Application for Change of Direct Owner](#) for each pharmacy impacted by the same change, or use [Form 9 - Pharmacy Licensure – Multiple Pharmacies](#) for the additional

pharmacies. See the "[Same Change Applies to Multiple Pharmacies](#)" section for more information.

FAQ FOR CORPORATIONS: WHAT IS THE DIFFERENCE BETWEEN A "CHANGE OF DIRECT OWNER" AND A "CHANGE OF CORPORATION NAME"?

Both types of changes result in a different name. However, it does not mean that the entity changes. A change of direct owner occurs when ownership of the corporation changes hands, whereas a change of corporation name occurs when the corporation changes its name only (i.e. the same entity).

One way to distinguish the difference is that if both corporations have the same BC Incorporation Number, it is a "Change of Corporation Name", whereas if the two corporations have a different BC Incorporation Number, it is a "Change of Direct Owner".

FAQ FOR CORPORATIONS: IS AN AMALGAMATION A "CHANGE OF DIRECT OWNER" AND A "CHANGE OF CORPORATION NAME"?

Amalgamation is the process where two or more corporations, the "amalgamating corporations," merge and carry on as one corporation, the "amalgamated corporation". The "amalgamated corporation" is a new legal entity, whereas the "amalgamating corporations" no longer remain as a legal entity after amalgamation, regardless of whether the "amalgamated corporation" has the same name or people as any of the "amalgamating corporations". An amalgamation is considered a "Change of Direct Owner" because the "amalgamated corporation" is a new legal entity and it has a *different* BC Incorporation Number.

FAQ: A NEW DIRECT OWNER WILL TAKE OVER MY PHARMACY ON THE NEXT DAY AFTER THE CURRENT PHARMACY LICENCE EXPIRES. WHAT SHOULD I OR THE NEW DIRECT OWNER BE AWARE OF?

A Change of Direct Owner application is only eligible for a licensed pharmacy. To maintain a pharmacy licence, either the new direct owner must complete the Change of Direct Owner application and its requirements before the existing pharmacy licence expires, or the current direct owner must renew the pharmacy licence before it expires. If you are *not* confident that the Change of Direct Owner application will be completed before the pharmacy licence expires, the current direct owner should renew the pharmacy licence first and then the new direct owner can submit the Change of Direct Owner application when the sale is confirmed. If the Change of Direct Owner application is *not* completed before the pharmacy licence expires and the current direct owner did not renew the pharmacy licence before it expires, the pharmacy must remain closed and the new Direct Owner will have to apply for a New Pharmacy Licence by following the New Pharmacy Licence process outlined in the [Opening a Pharmacy](#) section in this guide.

Change of Indirect Owner

Indirect owners for a direct owner that is a non-publicly traded corporation include the directors, officers, and shareholders. If a shareholder is a non-publicly traded corporation incorporated in BC, its directors, officers and shareholders will also be considered indirect owners. See the [Corporation as an Owner](#) section for more information.

Indirect owners for a direct owner that is a publicly traded corporation include the directors and officer.

A change of indirect owner may involve the addition of a new indirect owner, or the removal of an existing one. The new indirect owner must demonstrate that he/she meets the eligibility criteria in order for the direct owner to hold the pharmacy licence.

1. Apply for a Change of Indirect Owner

An [authorized representative](#) of the direct owner of the pharmacy must submit the change application electronically through the **Ownership Portal** on eServices **no later than 7 days** before the effective date of change pursuant to section 4(d) of the [Pharmacy Operations General Regulation](#). Refer [to this section](#) for a step-by-step guide on eServices.

You will also need to provide the following document(s) online based on the type of change:

- Change of Director: *Notice of Change of Directors* filed with the BC Registry Services*
- Change of Officer: [Changing Indirect Owner - Declaration Form](#)
- Change of Shareholder: *Updated certified true copy of the Central Securities Register**
 - For each new shareholder that is a B.C. incorporated, non-publicly traded corporation (i.e. the “parent company”), you will also have to submit:
 1. The most current copy issued within the last year of the *British Columbia Company Summary*⁷;
 2. A certified true copy of the Central Securities Register;
 3. The legal name and email contact for each director, officer and shareholder of this parent company; and
 4. If a shareholder of any parent company is a B.C. incorporated, non-publicly traded corporation, also submit #1, #2 and #3 for that shareholder until there is no more shareholders that are B.C. incorporated, non-publicly traded corporations.

*Complete the [“Deferred Submission of a Required Document\(s\) for Change Application” declaration form](#) if you are not able to provide the document at the time of notification.

Allow up to 7 days for processing.

⁷ *BC Company Summary*: Note the date beside “Last Annual Report Filed:” and *Annual Report* is not acceptable.

The **new indirect owner(s)** will then receive an email from the College to complete his/her Proof of Eligibility online. For any indirect owners not previously known to the College, they will also receive a separate email with their eServices login information.

2. Submit Proof of Eligibility (New Indirect Owner(s) Only)

The **new indirect owner(s)** will receive an email to complete his/her [Proof of Eligibility](#) (POE) through his/her eServices account under the [My Profile](#) tab. This should be completed as soon as possible.

[Criminal Record History](#) is required if one has not been done with the College in the previous 5 years. *Please do not complete a Criminal Record History before receiving the email from the College to complete your Proof of Eligibility.*

The Criminal Record History must be submitted by the **new indirect owner(s) no later than 7 days** before the effective date of change.

It will take up to 7 days for processing a [Criminal Record History](#) result.

The [authorized representative](#) who submitted the application online will receive a confirmation letter via email upon completion of the change application. The College will also notify Health Insurance BC (HIBC) of the Ministry of Health of this change.

No changes to the pharmacy licence will be made for this type of change.

Change of Manager

Pursuant to section 6(1)(a) of *PODSA*, a pharmacy licence is cancelled when the manager of the pharmacy changes. A pharmacy must have a manager, and the new manager must meet the eligibility criteria for a pharmacy licence set out in *PODSA* before a pharmacy licence is issued.

A pharmacy manager is responsible for the actual management and operation of the pharmacy. They must personally manage and be responsible for the daily operation of the pharmacy, as well as carrying out their responsibilities under section 18(2) of the *PODSA* Bylaws. Therefore, if a manager goes on a leave and is unable to carry out their responsibilities as the manager, the authorized representative must appoint a new manager as soon as possible. Another Change of Manager application will be required when the previous manager returns from their leave.

1. Apply for a Change of Pharmacy Manager

An [authorized representative](#) of the direct owner of the pharmacy must submit the change application electronically through the **Pharmacy Portal** on eServices **no later than 7 days** before the effective date of change pursuant to section 4(a) of the [Pharmacy Operations General Regulation](#). Refer to the [Submitting a Change of Manager Application Online](#) section for a step-by-step guide on eServices.

Note that the current pharmacy manager will be notified of the change application.

2. Submit Proof of Eligibility (Proposed Manager)

The proposed manager will receive an email to complete his/her [Proof of Eligibility](#) (POE) through his/her eServices account under the [My Profile](#) tab. This should be completed as soon as possible.

[Criminal Record History](#) is required if one has not been done with the College in the previous 5 years. *Please do not complete a Criminal Record History before receiving the email from the College to complete your Proof of Eligibility.*

It will take up to 7 days for processing a [Criminal Record History](#) result.

The [authorized representative](#) named in the application, as well as the previous and new managers, will receive a confirmation via email upon completion of the change application. The College will also notify Health Insurance BC (HIBC) of the Ministry of Health of this change.

A new pharmacy licence will be issued with the **new manager's name** upon completion of the Change of Manager application. The new [pharmacy licence can be found on the Pharmacy Portal on eServices](#) once all the requirements are met, even if it occurs before the effective date.

Note that for a direct owner that is NOT a sole proprietor, partnership of pharmacists or corporation(s), if the departing manager is also the authorized representative (AR) of the Direct

Owner and is also departing from the AR role, also complete a Change of Authorized Representative (AR) application (see next section for more information).

Change of Authorized Representative

This information is applicable to a direct owner of a pharmacy which is a hospital, an association, a society, a university or the government.

One or more individuals were assigned by the direct owner as their [authorized representative](#) (AR) and is responsible for:

- Applying for a new pharmacy licence;
- Renewing or reinstating a pharmacy licence; and/or
- Notifying the College of changes to previously submitted licensure information.

When an individual is departing from his/her role as an authorized representative and/or when an individual will become an authorized representative of the direct owner, notify the College as follows:

1. Apply for a Change of Authorized Representative

The current authorized representative submits [Form 13 – Change of Authorized Representative application form](#) as soon as possible before the change occurs.

The new authorized representative is **not required** to complete Proof of Eligibility.

Allow for up to 7 days for processing.

The [authorized representative](#) who submitted the application will receive an email confirmation upon completion of the change application. No changes to the pharmacy licence will be made for this type of change.

Note: this change process and requirements are specific to the change of an authorized representative only. Should other changes accompany this change (e.g. [Change of Manager](#)), a separate application for that particular change is required. See the [Multiple Changes](#) section for more information.

For a corporation, sole proprietor (pharmacist) or partnership of pharmacists, refer to the [Change of Direct Owner](#) (for sole proprietor or partnership of pharmacists) or [Change of Indirect Owner](#) page (for corporation(s)) for steps to notify the College of the change in the authorized representative.

Change of Corporation Name

Whether the corporation is a direct or indirect owner, the College needs to update the corporation record when a name change occurs so that the ownership information of a pharmacy matches with the ownership documents provided at the time of the next pharmacy licence renewal.

1. Apply for a Change of Corporation Name

An [authorized representative](#) of the direct owner must submit the following **no later than 7 days** before the effective date of change:

- [PODSA Form 8D: Application for Change of Corporation Name](#);
- A copy of the Notice of Alteration, or an updated Notice of Articles reflecting the new name of the corporation if the corporation is a BC incorporated, non-publicly traded corporation; and
- A copy of the pharmacy's [business licence](#) issued to the direct owner under the new corporation name (if the name change applies to the direct owner).

Allow up to 7 days for processing.

The [authorized representative](#) named in the application will receive a confirmation letter via email upon completion of the change application. The College will also notify Health Insurance BC (HIBC) of the Ministry of Health of this change (if the name change applies to the direct owner).

If the name change applies to the direct owner, the pharmacy licence will be amended upon completion of the Change of Corporation Name application. The amended [pharmacy licence can be found on the Pharmacy Portal on eServices](#) on the next business day after the effective date. Should any requirements be missing on this date, the effective date stated on the pharmacy licence will then reflect the date of the College's approval.

No changes will be made to the pharmacy licence if the name change applies to the "parent company" or a shareholder that is a corporation or other type of legal entity.

Change of Operating Name or External Signage Name

Pursuant to section 4.1(3) of the Act, a direct owner must give the registrar 30 days' written notice of any changes respecting the name of the pharmacy. Refer to the [Operating Name](#) and/or the [External Signage Name](#) section to learn the differences.

1. Apply for a Change of Operating Name or External Signage Name

An [authorized representative](#) of the direct owner of the pharmacy must submit the following **no later than 30 days** before the effective date of change:

- [PODSA Form 8E: Application for Operating Name or External Signage Name](#);
- For a *Change of Operating Name*, also submit:
 - A copy of the pharmacy's [business licence](#) reflecting the new operating name*;
- For a *Change of External Signage Name*, also submit:
 - A photo or a digital mock-up of the new external signage⁸; and
 - A copy of a prescription label that includes the new external signage name.

*if available when the change application is submitted. Otherwise, it must be submitted before the effective date of change.

Allow up to 7 days for processing.

The [authorized representative](#) named in the application will receive a confirmation letter via email upon completion of the change application. The College will also notify Health Insurance BC (HIBC) of the Ministry of Health of this change.

A new pharmacy licence with the **new operating name** and/or the **new external signage name** will be issued to the direct owner upon completion of the Change of Operating Name or External Signage Name application. The new [pharmacy licence can be found on the Pharmacy Portal on eServices](#) on the next business day after the effective date. Should any requirements be missing on this date, the effective date stated on the pharmacy licence will then reflect the date of the College's approval.

Note that this process and its requirements are specific to change of operating name or external signage name only. Should other changes accompany this change (e.g. change in direct owner/manager/layout/ location), a separate application for that particular change will also be required. See the [Multiple Changes](#) section for more information.

⁸ Refer to item 1a and 5a in [Appendix B](#) for more information.

Change of Location (a.k.a. Relocation)

Pursuant to section 6(1)(b) of the *Pharmacy Operations and Drug Scheduling Act (PODSA)*, a pharmacy licence is cancelled when the location of the pharmacy changes. Thus, a change of location essentially requires a new pharmacy licence application.

This application is for pharmacies that are moving from one location to another location on the next business day. Should the new location not be open immediately after the previous location has been closed, the new location needs to apply for a new pharmacy licence instead.

Moving a pharmacy to a new location is similar to opening a new pharmacy. The process and processing time for a change of location application follows the same process as in [Phase 1 and Phase 2 of the new pharmacy licence application](#) (except ownership information is not required unless it has changed):

1. Apply for a Change of Location

An [authorized representative](#) of the direct owner of the pharmacy must submit the following **no later than 30 days** before the [proposed opening date](#) of the new location pursuant to section 4(b) of the [Pharmacy Operations General Regulation](#):

- [PODSA Form 8F: Application for Change of Location](#) and applicable fee(s);
- Copy of the pharmacy's [business licence](#) issued to the **new location***; and
- [Pharmacy diagram](#) of the new location (digital copies only).

*if available when the change application is submitted. Otherwise, it must be submitted before the effective date of change.

Allow up to 7 days for processing.

Upon College approval of Phase 1 of the change of location process, an email notification will be sent to the [authorized representative](#) named in the application.

The College will also notify Health Insurance BC (HIBC) of the Ministry of Health of this change, who will then initiate their processes for [PharmaNet installation](#).

2. Build the Pharmacy in the New Location

Build the new pharmacy as indicated in the diagram approved by the College.

It is the responsibility of the pharmacy owner to understand what the physical requirements are before building the pharmacy. Refer to [Appendix B](#) for further information.

Notify the [Licensure Department](#) of any changes to the original diagram submitted or the proposed opening date in your Change of Location Application to avoid delays in the next phase of the process.

Note that the new location cannot be open to the public until a pharmacy licence has been issued to the new location. Otherwise, the new location will be operating unlawfully without a pharmacy licence.

3. Pre-Opening Process

The [authorized representative](#) must email the [Licensure Department](#) to confirm the proposed opening date noted in the email notification in Step 2 and advise if there are any changes to the timeline.

The [authorized representative](#)/manager must complete and submit the following documents to the College no later than 14 days prior to the proposed opening date (submissions 30 days prior to the proposed opening date are recommended to allow for sufficient time to review and address any non-compliant items):

- [Pharmacy Pre-Opening Report \(specific to your licence type\) with supporting digital evidence.](#) Click on the hyperlink or refer to the section titled “Pre-Opening Inspection Report and Digital Evidence” under “Opening a Pharmacy” for the forms and documents needed for your pharmacy licence type.

In order to avoid delays in processing your pre-opening documents, the digital evidence must provide sufficient context for College staff to determine whether the requirements are met. Digital evidence must be recently produced at the new pharmacy site. Digital evidence previously submitted for the same location or any other location is not acceptable. If equipment from the current location cannot be moved to the new pharmacy site until the date of relocation (i.e. safe, computer terminals, etc.), submit photos of the equipment at the current location and photos of where the equipment will be placed in the new location. If there are photos that cannot be taken at the current location or the new location, explain the reasons in the inspection report.

- A copy of the pharmacy’s [business licence](#) issued to the **new location** if not submitted in Step 1

Allow up to 14 days for processing.

If an on-site pre-opening inspection by a College Inspector is required, you will be notified after the above documents have been processed. The inspection will be scheduled within 30 days before the opening date.

4. Prepare for Pharmacy Closure (Previous Location) and Complete the Change of Location Application

The manager must complete the following prior to the closure of the previous location in accordance with section 18(2)(ee) of the [PODSA Bylaws](#):

- Provide for the safe and secure transfer and appropriate storage of all Schedule I, II, and III drugs and controlled drug substances to the new location,
- Advise the registrar in writing of the disposition of all drugs and prescription records at the time of a closure (or confirmation[¶] that all drugs, medical devices and prescriptions records have been transferred from the previous location to the new location),
- Provide the registrar with a copy of the return invoice and any other documentation sent to Health Canada in respect of the destruction of all controlled drug substances at the previous location prior to the move (or confirmation[¶] that narcotic counts and reconciliations and other process in PPP-65 have been completed),
- Arrange for the secure transfer and continuing availability of the prescription records at the new location, or to a storage facility that is monitored and secured from unauthorized access, and
- Remove all signs and advertisements from the previous location when closed[¶].

[¶]The manager is responsible for completing Part B of the [PODSA Form 8F: Application for Change of Location](#) to confirm that all the above duties have been completed at the previous location, and submit the completed form, to the [Licensure Department](#) within 2 weeks of closure of the previous location, including digital evidence to confirm compliance that all signs and advertisements from the previous location have been removed.

The [authorized representative](#) named in the application will receive a confirmation letter via email upon completion of the change application. HIBC will also be notified.

A new pharmacy licence with the **new address** will be issued to the direct owner upon completion of the Change of Location application. The new [pharmacy licence can be found on the Pharmacy Portal on eServices](#) on the next business day after the effective date. Should any requirements be missing on this date, the effective date stated on the pharmacy licence will then reflect the date of the College's approval.

Note that this change process and its requirements are specific to change of location only. Any other changes accompanying this change (e.g. change in manager/operating name), requires a separate application for that particular change. See the [Multiple Changes](#) section for more information.

Change of Layout (a.k.a. Renovation)

Pursuant to section 4.1(3) of *PODSA*, a direct owner must provide the registrar with 30 days' written notice of any changes respecting the layout of the pharmacy.

Changes in layout refer to changes in your original [pharmacy diagram](#) submitted to the College. These changes may include, but are not limited to:

- Changing the location of a physical requirement (e.g. moving the double stainless steel sink from the left side of the dispensary to the right);
- Changing the measurements/size/area of a physical requirement(s) in the pharmacy diagram (e.g. expanding the size of the dispensary);
- Adding or removing a physical requirement (e.g. adding a physical barrier to prevent access to schedule 3 products (i.e. lock-and-leave), adding a new consultation room, or removing part of the dispensing counter for putting in a new metal safe for narcotics);
- Making changes to the fixtures of the pharmacy (e.g. removing/adding a wall).

Refer to the pharmacy diagram checklist ([community/telepharmacy](#) or [hospital](#)) for the physical requirements in a pharmacy diagram.

Note that changes that do not impact the pharmacy diagram are *not* considered changes in layout for licensure purposes. Some examples include: changing the colour scheme of the pharmacy (e.g. wall/counter top), changing the “medication information” sign without changing the location, or changing the location of your microwave (not a physical requirement for licensure purposes).

The process and processing time for a Change of Layout application mirrors the same process as in [Phase 1 and Phase 2 of the new pharmacy licence application](#) (except ownership information is not required):

1. Apply for a Change of Layout

An [authorized representative](#) of the direct owner of the pharmacy must submit the following **no later than 30 days** before the start of the renovation:

- [PODSA Form 8G: Application for Change of Layout](#); and
- Proposed [pharmacy diagram](#) for the renovation (digital copies only).

Allow up to 7 days for processing.

Upon College approval of the pharmacy diagram, an email notification will be sent to the [authorized representative](#) named in the application.

The College will also notify Health Insurance BC (HIBC) of the Ministry of Health of the change who will then initiate their processes for [PharmaNet installation](#) if the PharmaNet router needs to be moved.

2. Renovate the Pharmacy

Renovate the pharmacy as indicated in the new diagram approved by the College.

It is the responsibility of the pharmacy owner to understand what the physical requirements are before renovating the pharmacy. Refer to [Appendix B](#) for further information.

Notify the [Licensure Department](#) if there is a change in the diagram submitted in Step 1 or the expected completion date originally indicated in your Application for Change of Layout to avoid delays in the next phase of the process.

3. Pre-Opening Process

The [authorized representative](#) must email the [Licensure Department](#) to confirm the expected completion date noted in the email notification in Step 2 and advise if there are any changes to the timeline.

The [authorized representative](#)/manager must complete and submit the following documents to the College **no later than 14 days** after the completion date:

- *Change in Layout Inspection Report* with supporting digital evidence:
 - **Community Pharmacy/Telepharmacy: complete up to and including the Security section only**
 - **Hospital Pharmacy/Hospital Satellite:** refer to the email sent after Step 1 regarding which section(s) to complete

In order to avoid delays in processing your pre-opening documents, the digital evidence must provide sufficient context for College staff to determine whether the requirements are met. Digital evidence must be recently produced at the pharmacy site. Digital evidence previously submitted for the same location or any other location is not acceptable. If there are photos that cannot be taken at the site, explain the reasons in the inspection report.

Refer to the [Pre-Opening Inspection Report and Digital Evidence](#) section for the forms and documents needed.

Allow up to 14 days for processing.

If an on-site pre-opening inspection by a College Inspector is required, you will be notified after the above documents have been processed. The inspection will be scheduled in advance.

The [authorized representative](#) named in the application will receive a confirmation letter via email upon successful completion of the *Change of Layout* application.

Note that this change process and its requirements are specific to change of layout only. Should other changes accompany this change (e.g. change in direct owner/manager/operating name), a separate application for that particular change will also be required. See the [Multiple Changes](#) section for more information.

Closing a Licensed Pharmacy (Temporary/Permanent)

If a pharmacy closes, the public must be notified of the closure.

If a pharmacy closes unexpectedly on a day that it is normally open, the [authorized representative](#) of the direct owner may need to notify the Registrar in writing depending on the length of the closure. The table below summarizes the different types of closure. The responsibilities of [authorized representative](#) of the direct owner and the manager for each type of closure can be found in the appropriate subsection as well as in the [PODSA Bylaws](#).

Type of Closure	Closure Duration	Examples of Reasons for Closure	Pharmacy Licence
Anticipated Temporary Closure	Up to 14 consecutive days	Unable to employ locum pharmacist staff to enable regular pharmacist staff to take vacation leave or to replace pharmacist staff who are unable to work due to urgent medical problems.	No change
Unanticipated Temporary Closure	Up to 90 consecutive days	Unforeseeable situations where, for instance, a natural disaster such as flooding or fire occurs, and the pharmacy becomes temporarily not operational or inaccessible to the public.	No change (but not listed as "Active" in the register)
Permanent Pharmacy Closure	Indefinite	Unavailable resources (land, labour, capital), financial losses etc.	Cancelled on closure date
Suspended Pharmacy	Varies	Suspended by the College's Inquiry Committee or Discipline Committee	Suspended (i.e. cannot operate)

Anticipated Temporary Pharmacy Closure up to 14 Consecutive Days

If the pharmacy will be closed temporarily for up to 14 consecutive days, the manager is required to complete all of the following pursuant to [section 18\(2\)\(cc\) of the PODSA Bylaws](#):

1. Notify the Patients and the Public

The manager must notify the patients and the public of the temporary closure at least 30 days prior to the start of the closure. This can be accomplished by following the steps outlined in [PPP-46](#):

Before closure:

- Post signage at the store entrance with information on upcoming closure at least 30 days prior to the closure start date;
- Contact all patients whose prepared prescriptions are ready for pick-up to advise of the closure and provide them with the opportunity to obtain their prepared prescription prior to the closure start date; and
- Make alternate arrangements with local prescribers, as applicable.

At the time of closure:

- Return any prepared prescriptions in the pharmacy to inventory and reverse them in PharmaNet.
- Post signage at the store entrance and provide a telephone answering machine message advising the public about the closure, including information on the duration of closure, the location of the nearest pharmacy, and other information to assist with obtaining necessary pharmacy services during the closure period.

2. Document Steps Taken

The manager must document steps taken to comply with the bylaws and applicable policies on anticipated temporary closures.

Note that the College does not need to be notified unless the closure exceeds 14 consecutive days.

Unanticipated Temporary Closure up to 90 Days

This type of closure allows a pharmacy to close temporarily for up to 90 consecutive days due to unforeseen circumstances that make the premises temporarily inaccessible to the public (e.g. fire or flood). Staffing issues do not qualify for this type of closure.

If your pharmacy is completely destroyed by a natural disaster, you are required to complete the [permanent pharmacy closure](#) process. You may apply for a [new pharmacy licence](#) after the pharmacy has been rebuilt at the same location or a different location.

The manager is required to complete all of the following pursuant to [section 18\(2\)\(dd\) of the PODSA Bylaws](#):

1. Submit Part A of the Unanticipated Temporary Closure Application

The manager must notify the registrar of closures between 15 and 90 days as soon as possible by submitting:

- [PODSA Form 4B: Application for Unanticipated Temporary Closure](#)

Allow up to 7 days for processing.

The pharmacy will be removed from the [online register](#) when Part A of the application is complete. Additionally, the status of your PharmaNet connection will be changed so that dispensing prescriptions will not be permitted.

If you are unsure whether your pharmacy will be closed for 15 days or more, you may wait until closer to the 15th day before submitting the application.

2. Notify Patients and the Public

The manager must complete the following:

- As soon as possible, post signage at the store entrance and provide a telephone answering machine message advising the public about the closure including information on duration of closure, the location of the nearest pharmacy, and other information to assist with obtaining necessary pharmacy services during the closure period;
- Where possible, contact all patients whose prescriptions are ready for pick-up to advise of the closure and provide them with the opportunity to obtain their prepared prescriptions;
- Where possible, notify patients, the public, and local prescribers of the closure and alternate means of obtaining essential pharmacy services during the closure; and
- Return any prepared prescriptions in the pharmacy to inventory and reverse the prescriptions in PharmaNet.

3. Submit Part B of the Unanticipated Temporary Closure Application

The manager must notify the registrar of the reopening of the pharmacy by submitting Part B of the application at least 5 days before the anticipated reopening date:

- [PODSA Form 4B: Application for Unanticipated Temporary Closure](#)

Allow up to 5 days for processing.

The pharmacy will be listed as an active pharmacy in the [online register](#) when Part B of the application is complete. An email notification will be sent to the [authorized representative](#) and manager to confirm the application is complete.

Additional Information

If the layout of the pharmacy has been or will be changed to a different layout as a result of the temporary closure, you must submit a [Change of Layout](#) application

If the closure exceeds 90 days, you will have to complete a [Permanent Pharmacy Closure Application](#). In order to reopen your closed pharmacy in the future, you must submit a [New Pharmacy Application](#). Reinstatement does not apply in this situation.

Note: The College does not need to be notified unless the closure exceeds 14 consecutive days.

Permanent Pharmacy Closure

The manager and the direct owner of a closing pharmacy must fulfill their duties and responsibilities prior to closing the pharmacy. These duties and responsibilities can be found in section 17.1 and 18(2)(ee) of the [PODSA Bylaws](#).

If your pharmacy is closing permanently or more than 14 days, complete the following:

1. Apply for a Pharmacy Closure

An [authorized representative](#) of the direct owner and the manager of the pharmacy must submit Part A of [PODSA Form 4A: Application for Pharmacy Closure](#) **no later than 30 days** before the closing date.

Note: If drugs, medical devices, patient records, and/or prescription records will be transferred to more than one receiving pharmacy, complete a separate closure application form for each receiving pharmacy and submit all copies to the College.

Allow up to 7 days for processing.

Upon completion of processing Part A of the application form by the College, an email notification will be sent to the [authorized representative](#) named in the application.

The College will also notify Health Insurance BC (HIBC) of the Ministry of Health of the closure.

2. Prepare for Pharmacy Closure

All [authorized representatives](#) of the direct owner and the manager of the pharmacy are responsible for completing the following tasks:

- Provide for the safe and secure transfer and appropriate storage of all Schedule I, II, and III drugs and controlled drug substances,
- Advise the registrar in writing of the disposition of all drugs and prescription records at the time of a closure,
- Provide the registrar with a copy of the return invoice and any other documentation sent to Health Canada in respect of the destruction of all controlled drug substances,
- Arrange for the secure transfer and continuing availability of the prescription records at another pharmacy, or at a storage facility that is monitored and secured from unauthorized access, and
- Remove all signs and advertisements from the closed pharmacy premises.

Provide a copy of the completed **Part A** of [PODSA Form 4A: Application for Pharmacy Closure](#) to the pharmacy(ies) receiving your drugs, medical devices and/or patient records and prescription records. Inform the manager of the receiving pharmacy that he/she must submit **Part B** of the form **no later than 14 days** from the received date. See Step 3 below.

Note: The closing pharmacy's manager must conduct a narcotic reconciliation before transferring the controlled drug substances to the receiving pharmacy, including reporting any loss or theft as per [PPP-65](#).

On the date of the closure, post signage at the entrances to the pharmacy advising the public of the permanent closure, as well as the name(s) and location(s) of the pharmacy(ies) to where the patient records have been transferred. Take a photo of the exterior of the pharmacy and send it to the College to confirm that all signs and advertisements have been removed. All drugs must be transferred to the receiving pharmacy(ies) by the end of day.

Notify the [Licensure Department](#) if there is a change in the expected closing date originally indicated in your *Application for Pharmacy Closure* to avoid premature eServices access (Pharmacy and/or Ownership Portals) and PharmaNet termination.

3. Complete the Pharmacy Closure Application (Receiving Pharmacy)

The manager of each pharmacy receiving the following from the closing pharmacy must complete **Part B** of the application form **no later than 14 days** from the received date:

- Prescription drugs (including controlled drug substances);
- Non-prescription drugs (including exempted codeine products);
- Medical devices; and/or
- Patient medication record and prescription records.

WHAT TO DO IF RETURNING THE CONTROLLED DRUG SUBSTANCES FROM THE CLOSING PHARMACY TO A WHOLESALER INSTEAD OF TRANSFERRING TO ANOTHER PHARMACY?

You have to submit the following to the College:

1. A copy of the narcotic reconciliation completed at the closing pharmacy prior to closure;
2. A copy of the inventory of narcotics, controlled drugs, benzodiazepines and other targeted substances returned for disposal to *each* wholesaler or third party organization;
3. Supporting documents explaining the discrepancy between #1 and #2 above, if any:
 - A copy of the inventory of narcotics and controlled drugs destroyed; AND/OR
 - A copy of the [Loss or Theft Report Form for Controlled Substances and Precursors](#) submitted to Health Canada.

Upon completion of processing the pharmacy closure application by the College, an email notification will be sent to the [authorized representative](#) and manager named in the application from the closing pharmacy, as well as each manager from the receiving pharmacy. The College will also notify Health Insurance BC (HIBC) of the Ministry of Health of the closure.

Access to the pharmacy portal of the closing pharmacy on eServices will be terminated on the closing date. If you want to reopen your closed pharmacy, you will have to apply for a new pharmacy licence. Reinstatement does not apply in this situation.

Closure for Suspended Pharmacy

In the event a pharmacy licence is suspended by the College's Inquiry Committee or Discipline Committee for a period of more than 14 days, the manager is required to complete all of the following pursuant to [section 18\(3\) of the PODSA Bylaws](#):

1. Complete the Closure for Suspended Pharmacy Form

An [authorized representative](#) of the direct owner of the pharmacy must submit the following **before the start of the suspension period**:

- [PODSA Form 4C: Closure for Suspended Pharmacy](#)

Allow up to 7 days for processing.

The pharmacy will not be listed as an active pharmacy in the online register until step 3 is complete.

2. Notify the Patients and the Public

Complete the following tasks as well as any additional tasks instructed by the College's Inquiry Committee or Discipline Committee:

- Provide for the safe and secure transfer and appropriate storage of all Schedule I, II, and III drugs and controlled drug substances,
- Provide the registrar with a copy of the return invoice and any other documentation sent to Health Canada in respect of the destruction of all controlled drug substances; and/or
- Arrange for the secure transfer and continuing availability of the prescription records at another pharmacy, or at a storage facility that is monitored and secured from unauthorized access.

3. Notify the Registrar of Reopening

The manager must complete Part B of the [PODSA Form 4C: Closure for Suspended Pharmacy](#) at least 5 days before the pharmacy reopens.

Allow up to 7 days for processing.

Once the Closure for Suspended Pharmacy Application has been processed by the College, the pharmacy will be listed as an active pharmacy in the online register again. An email notification will also be sent to the [authorized representative](#) and manager named in the application.

eServices Tutorial for Pharmacy Licensure

eServices is the secure online site for the College of Pharmacists of BC.

As an [authorized representative](#) of the direct owner of a pharmacy, eServices allows you to submit your [Pharmacy Licence Renewal Application](#), [Change of Manager Application](#), and [Change of Indirect Owner Application](#) (if applicable). It also allows you to update your pharmacy information when necessary.

As a pharmacy manager, eServices allows you to update your pharmacy information, such as [hours of operation](#), [pharmacy staff roster](#) and [types of pharmacy services](#) provided by your pharmacy.

Depending on your role in a pharmacy/organization (direct owner), you may have access to different sections of eServices:

Access to	Authorized Representative (AR)	Pharmacy Manager	Indirect Owners Who are Not an AR
My Profile	✓	✓	✓
Ownership Portal	✓		
Pharmacy Portal	✓	✓	

This table shows the actions that can be taken in each section of eServices:

Access to	Tasks

Logging into eServices

Registrants (i.e. pharmacists and pharmacy technicians) receive their log-in credentials during the College's registration process. Indirect owners who are non-registrants and who are new to the College will receive their log-in credentials via email once the College has validated the ownership information submitted by an authorized representative of the direct owner. The email also includes a temporary password and instructions to access eServices.

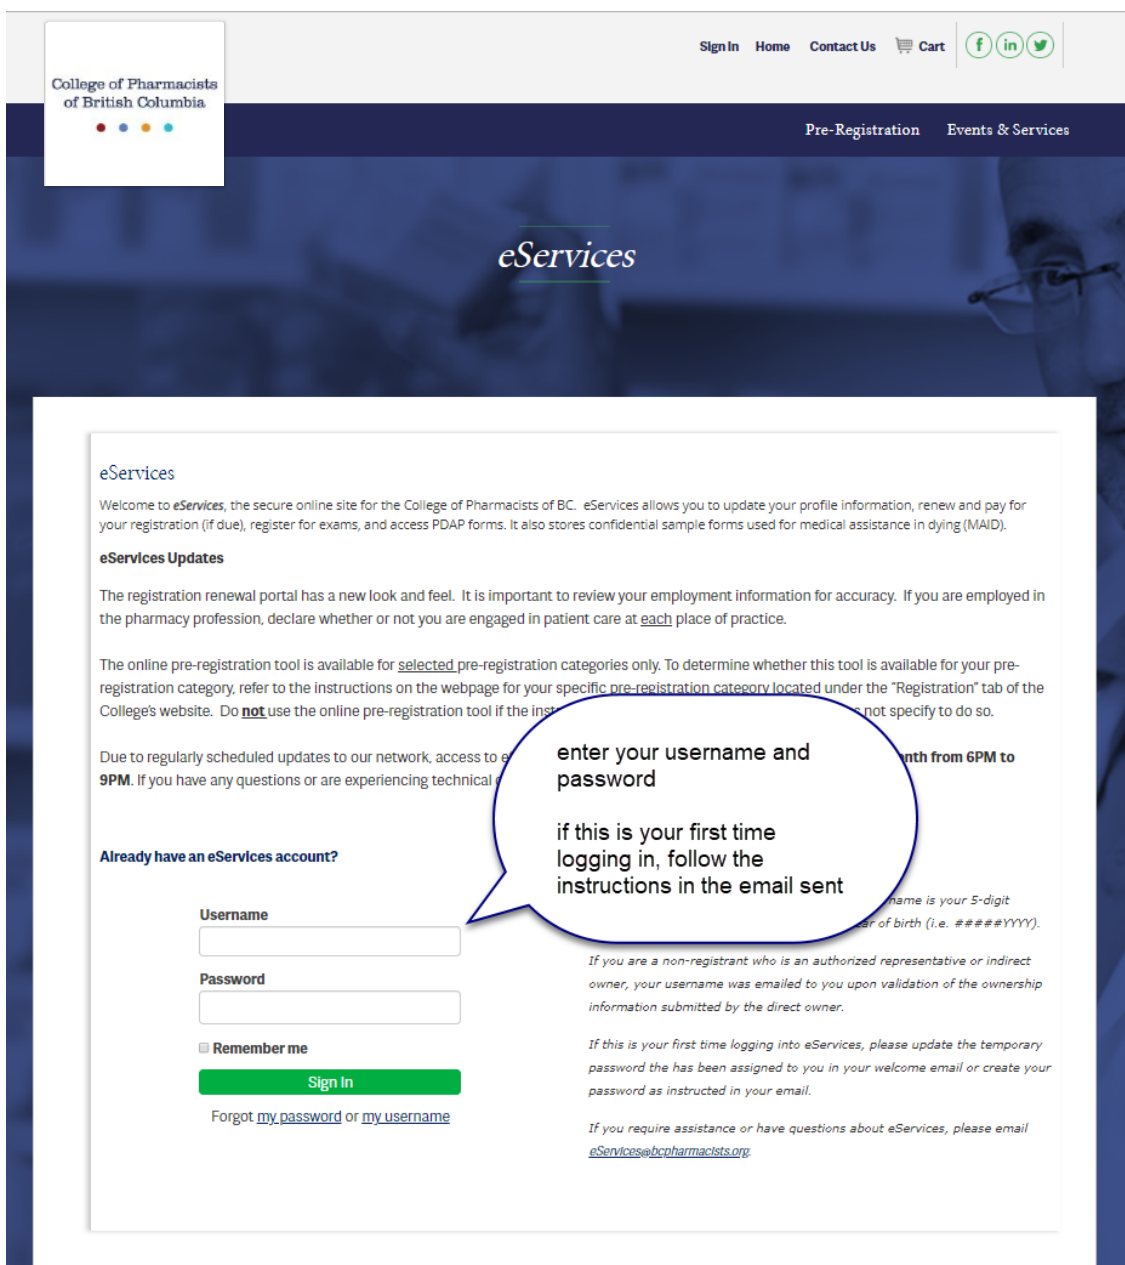

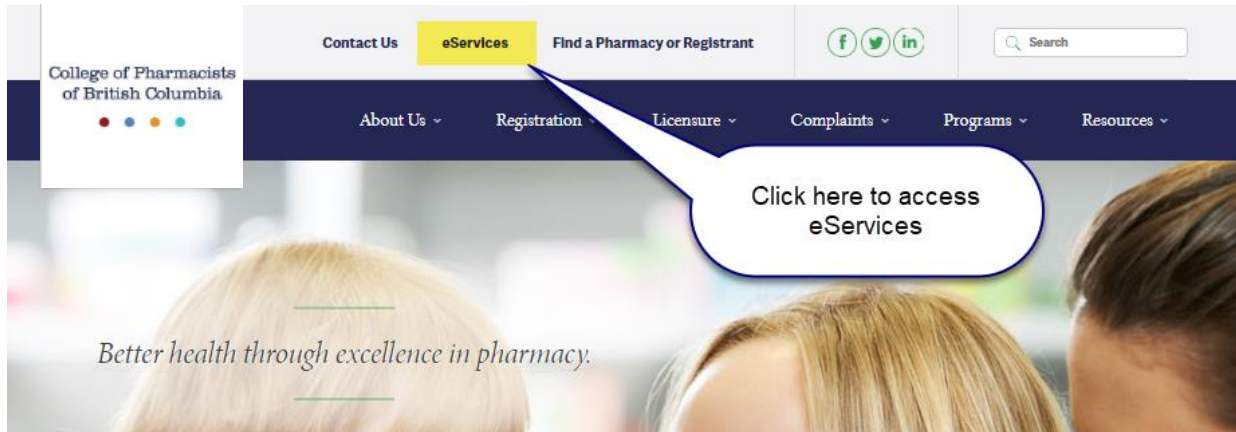

If you have not received your log-in credentials via email within 14 days from the date that the authorized representative submitted your contact information:

- 1) Check spam filters (Junk Mail);
- 2) Confirm with the authorized representative that the correct email address was submitted;
- 3) Contact the College at eServices@bcpharmacists.org.

Note: Your eServices ID is a unique 5-digit identifier that is different than your username. The 5-digit eServices ID is required when completing your Criminal Record History through the external approved vendor.

To log in to eServices:

- 1) Go to the College's website at www.bcpharmacists.org;
- 2) Click on eServices at the top of the page;
- 3) Enter **username** and **password**.

Accessing and Navigating the Ownership Portal

Through the Ownership Portal, an authorized representative of the direct owner can:

- [Submit the Pharmacy Licence Renewal application](#), including [ownership information](#), [required ownership documents](#) (if applicable), and [fees](#);
- [Monitor the status of your application for Pharmacy Licence Renewal](#);
- Review ownership information; *and*
- [Submit a Change of Indirect Owner application](#) (to [add a new indirect owner](#), [add a new role to an existing indirect owner](#), [remove an existing indirect owner](#) or [remove a role of an existing indirect owner](#)).

To access the Ownership Portal:

1. [Log in to eServices](#);
2. Click **“My Pharmacies”** in the top menu and you will land on the **Pharmacy Summary Page**;

3. Click the name of the direct owner under the **My Organizations** tab on the **Pharmacy Summary Page** to access the Ownership Portal.

MY ORGANIZATIONS

Click on the plus sign “+” next to the organization name to expand the list to:

- View a list of pharmacies owned by the organization (direct owner) and their pharmacy licence expiry dates, and
- Monitor the status of each pharmacy licence renewal application and to determine which requirement(s) is missing, if any.

For **Payment** and **Business Licence**, you will see one of three statuses:

- **Pending** = action required; **Submitted** = pending review by the College; **Complete** = no further action required

Attestation Summary and **CRH (Criminal Record History) Summary** – These refer to the overall status of the attestation and CRH from **all** applicable individuals. You will see one of two statuses:

- **Pending** = action required - at least one person has **not** submitted. To view who has or has not submitted their requirement(s), click on the hyperlinked status under **“Renewal Complete”**.
- **Submitted** = all direct/indirect owners **and** the manager have submitted.

Renewal Complete has two statuses:

- **Pending** = at least one requirement is missing;
- **Complete** = licence renewed

Below is a list of organizations that you are identified as their authorized representative:

Direct Owner	Ownership Information	ID	Due For Renewal
+ TUTORIAL ORGANIZATION	Pending	99999	Action Required

Click here to access the ownership portal

This means there is a pharmacy due for renewal

Pharmacy	Licence Expiry	Payment	Business Licence	Attestation Summary	CRH Summary	Renewal Complete
TUTORIAL PHARMACY	2/28/2019	Pending	Pending	Submitted	Submitted	Pending

Click here to access the Pharmacy Portal

Submitting Your Pharmacy Licence Renewal Online

An authorized representative may complete the renewal by following the steps listed below, the instructions displayed on eServices, or watch this video online at <https://youtu.be/LGCPIwtXHCY>.

Below are the steps for renewing your pharmacy licence. Click on the hyperlinks for screenshots and detailed steps:

- 1) [Log in to eServices](#);
- 2) [Access the Ownership Portal](#) through the **Pharmacy Summary Page**. Click on the name of the direct owner that has a pharmacy licence due for renewal (flagged with “**Action Required**”).

Below is a list of organizations that you are identified as their authorized representative:

Direct Owner	Ownership Information	ID	Due For Renewal
TUTORIAL ORGANIZATION	Pending	99999	Action Required

Click here to access the ownership portal

Pharmacy	Licence Expiry	Payment	Business License	Attestation Summary	CRH Summary	Renewal Complete
TUTORIAL PHARMACY	2/28/2019	Pending	Pending	Submitted	Submitted	Pending

Click here to access the Pharmacy Portal

- 3) [Confirm ownership information](#). For direct owners that are corporations, you must [upload all required ownership document\(s\)](#). Note that if the ownership information is not correct, you will have to submit a [Change of Indirect Owner application](#) at the same time.
- 4) [Upload the pharmacy business licence](#), through the Pharmacy Portal.
- 5) [Submit payment information](#).

Confirming/Updating Ownership Information

To review/update ownership information, [access the Ownership Portal](#), by clicking the name of the direct owner on the **Pharmacy Summary Page** after [logging into eServices](#).

On this page, you will see a list of the current direct/indirect owners that have been confirmed by the College.

If you are a direct owner that is a **sole proprietorship**, you will see the name of the sole proprietor.

If you are a direct owner that is a **partnership of pharmacists**, you will see the names of all partners.

If your direct owner is a **publicly traded corporation**, you will see the names of all the directors and officers of your corporation.

If your direct owner is a **non-publicly traded corporation**, you will see the names of all the directors, officers and shareholders under your corporation.

For all **other types of direct owners**, you will see only the names of **all authorized representatives**. You will see a checkbox to confirm the ownership information is correct. You will not see the **“Edit”** button as this is only available to direct owners that are corporations only (*see below*).

Corporations only: to upload the required document, click the **“Edit”** button and follow the instructions in the [Uploading an Ownership Document](#) section.

[eServices](#) » My Pharmacies

Ownership Portal

Pharmacy Licence Renewal

The first step of the pharmacy licence renewal application process is to confirm ownership information and submit the most current copy (issued within the last year) of the *BC Company Summary* of all corporations, if applicable. To upload the required document(s), click the “Edit” button. (If your pharmacy licence expires on **May 31, 2019**, you will have to submit the Central Securities Register(s) as well as the contact information of each indirect owner).

Once all of the required ownership information is submitted, click **“Pay”**. The pharmacy licence renewal application submitted is **not** complete until payment is made. Payment, like all other requirements, must be submitted **30 days before the pharmacy licence expiry date**.

Change of Indirect Owner (Corporations Only)

The direct owner must notify the registrar in writing **no later than 7 days** before an indirect owner (director, officer and/or shareholder) changes, which includes adding a new indirect owner or removing an existing indirect owner. Click the **“Edit”** button and submit the change request. If the change involves adding a new indirect owner, he/she will receive an email notification to complete their Proof of Eligibility before the effective date of change.

Need help? Refer to the eServices tutorial section in the [Pharmacy Licensure Guide](#) for instructions, or contact the licensure department at licensure@bcpharmacists.org for assistance.

Pay

Submitting Payment Information for Pharmacy Licence Renewal

After [reviewing/updating your ownership information](#) on the Ownership Portal, you will land on the **Payment Page** where you will see a list of pharmacies due for renewal in the selected period.

The pharmacies displayed are listed by month of renewal date. Select the applicable month using the drop down menu.

Please ensure that you have selected the correct month from the dropdown menu before you click "Pay". Selecting the wrong month may result in your current renewal application being rendered incomplete.

Note that you will be paying a single lump-sum payment.

Pharmacy Invoice

TUTORIAL ORGANIZATION (99999)

Select a month in the dropdown menu to view the list of pharmacies that are owned by your organization and are due for pharmacy licence renewal fees by the end of the selected month. You will be making a single lump-sum payment on the next screen.

You may choose to pay by credit card or corporate cheque. If you choose to pay by corporate cheque, make your cheque payable to the College of Pharmacists of B.C and submit it as soon as possible (no later than 30 days before the pharmacy licence expires). Payment is one of the requirements for completing your pharmacy licence application(s).

Select Renewal Period: Feb 2019  use the drop down to select the month due for renewal

Pharmacy Name	Pharmacy Licence #	Pharmacy Licence Expiry Date	Pharmacy Licence Fee	Late Fee	Total GST	Balance
TUTORIAL PHARMACY	99999	Feb 2019	\$2,299.00	\$125.00	\$121.20	\$2,545.20
Grand Total	\$2,545.20					

 Click here to access the *Pharmacy Portal* and upload the business licence if available

Pay by Cheque

To submit payment by **corporate cheque**, click **“Print Invoice”** to print the invoice. Then submit your cheque, payable to the College of Pharmacists of B.C., along with the invoice as soon as possible (i.e. **no later than 30 days** before the pharmacy licence expires).

*Note that your Pharmacy Licence Renewal application(s) will be considered incomplete until the College receives and processes your cheque. The payment status on the **Pharmacy Summary Page** will remain **“Pending”** until the cheque is processed by the College.*

Payment

Payment is required for completing your pharmacy licence application(s). You may choose to pay by credit card or corporate cheque.

To submit payment by credit card, click the **Pay** button to proceed to the next page. If you choose the **Pay Later** option on the next page, no payment will be made and your pharmacy licence application(s) will be incomplete until you submit payment information.

To submit payment by corporate cheque, click here: [Print Invoice](#) to print this page. Submit your cheque payable to the College of Pharmacists of B.C. with the invoice as soon as possible (i.e. no later than 30 days before the pharmacy licence expires, else late fees apply). Note that your pharmacy licence application(s) will be incomplete until the College receives and processes your cheque.

Please note: **Total amount payable below includes 5% GST.**

Click here to print the invoice and pay

Submitting a Change of Indirect Owner Application Online (Corporations only)

An authorized representative of a direct owner (who is a corporation) can submit an *Application for Change of Indirect Owner (PODSA Form 8B)* through the [Ownership Portal](#), by clicking on the [name of the direct owner](#) after [logging in to eServices](#).

There are up to two steps for submitting a Change of Indirect owner application:

1. Add/remove the person or organization; and
2. Upload the required document (except to change an officer).

Watch this video at <https://youtu.be/imZi3DzONDw> for steps involved.

This screen provides a list of the current direct/indirect owners that have been confirmed by the College. This list *must* include all the directors and officers documented in the BC Company Summary, and all the shareholders documented in the Central Securities Register (a.k.a. shareholder register) if the corporation is a non-publicly traded company incorporated in BC.

[eServices](#) - My Pharmacies

Ownership Portal

Pharmacy Licence Renewal

The first step of the pharmacy licence renewal application process is to confirm ownership information and submit the most current copy (issued within the last year) of the *BC Company Summary* of all corporations, if applicable. To upload the required document(s), click the "Edit" button. (If your pharmacy licence expires on **May 31, 2019**, you will have to submit the Central Securities Register(s) as well as the contact information of each indirect owner).

Once all of the required ownership information is submitted, click "**Pay**". The pharmacy licence renewal application submitted is **not** complete until payment is made. Payment, like all other requirements, must be submitted **30 days before the pharmacy licence expiry date**.

Change of Indirect Owner (Corporations Only)

The direct owner must notify the registrar in writing **no later than 7 days** before an indirect owner (director, officer and/or shareholder) changes, which includes adding a new indirect owner or removing an existing indirect owner. Click the "**Edit**" button and submit the change request. If the change involves adding a new indirect owner, he/she will receive an email notification to complete their Proof of Eligibility before the effective date of change.

Need help? Refer to the eServices tutorial section in the [Pharmacy Licensure Guide](#) for instructions, or contact the licensure department at licensure@bcpharmacists.org for assistance.

TUTORIAL ORGANIZATION (Non-publicly Traded Corporation)

Corp Name	Member	Category	Relationship
☐ TUTORIAL PARENT ORG		Non-publicly Traded Corporation	Owner - Shareholder
	DEMO, JOHN	Non Registrant	Owner - Director
	DEMO, JOHN	Non Registrant	Owner - Shareholder
	DEMO, JANE	Full	Owner - Director
	DEMO, JOHN	Non Registrant	Owner - Officer

Edit

Pay

Note that a shareholder can be an individual or a corporation (the latter is referred to as a “parent company” or “holding company”). Should the parent company be a non-publicly traded corporation incorporated in BC, additional ownership information will be displayed.

Using the “Edit” button on this page, you can update ownership information by:

- [Adding a new indirect owner \(person or organization\);](#)
 - E.g. Jack Demo is now joining the corporation as a new Director;
 - E.g. Tutorial Parent Org 2 will be buying some shares from the direct owner (Tutorial Parent Org 2 will become a new shareholder).
- [Adding a new relationship/role to an existing indirect owner who has previously been confirmed by the College;](#)
 - E.g. Jane Demo is listed as a Director with the College but will soon become an Shareholder as well;
- [Removing an existing indirect owner who has previously been confirmed by the College;](#)
 - E.g. John Demo is listed as an Officer with the College but has resigned and will no longer be listed as a Officer soon; or
- [Removing a relationship/role from an existing indirect owner who has previously been confirmed by the College.](#)
 - E.g. John Demo is a Director and Officer but will become a Director only soon

You will see this screen after you click “Edit”:

The screenshot shows a web interface for managing ownership. At the top, it displays 'Direct Owner' as 'TUTORIAL ORGANIZATION' and 'Category' as 'Non-publicly Traded Corporation'. Below this are buttons for '+ Add Organization', '+ Add Person', 'Edit', 'Delete', and 'Submit for Validation'.

The 'Ownership' section is divided into two parts:

- Tree View:** Shows a hierarchy starting with 'TUTORIAL ORGANIZATION', which contains 'TUTORIAL PARENT ORG'. Under 'TUTORIAL PARENT ORG', there are three entries: 'John Demo', 'John Demo', and 'Jane Demo'. A callout box points to this tree view with the text: "This is the current ownership information confirmed by the College".
- Owners Table:** A table with columns: 'Company/First Name', 'Company Num/Last Name', 'EMail', and 'Existing'. It lists 'TUTORIAL PARENT ORG' (Existing: Y) and 'Jane Demo' (Existing: Y). Below the table, there are columns for '+ Effective Date', 'Relation', 'Stop Ownership', and 'Status'. A row for 'Jane Demo' shows 'Owner - Director' with 'Stop Ownership' as 'N' and 'Status' as 'E'. A callout box points to the arrow next to 'Jane Demo' in the 'Company/First Name' column with the text: "Click on the arrow next to the Company/First Name to see what role(s) they have".

The 'Documents' section at the bottom contains instructions: "Click on the document type to upload the required document. Note that you can only upload **one single file** per required document." and "Refer to the [Pharmacy Licensure Guide](#) for more information." Below this is a table with columns 'Required', 'Document Type', and 'File Name', which currently shows 'No documents'.

Adding a New Indirect Owner

Refer to the [previous section](#) on how to get to the following screen.

Watch this video at <https://youtu.be/imZi3DzONDw> for steps involved.

Before adding a new indirect owner, double check which line is highlighted in the ownership tree on the left hand side. A building icon 🏢 indicates that the indirect owner is an organization/entity, whereas a person icon 👤 indicates that it is an individual. The first line in the ownership tree next to the building icon under the ownership tree is the name of direct owner (“TUTORIAL ORGANIZATION” in the example below).

The direct owner organization is selected

The information displayed in the window is in relation to the selected organization in the ownership tree

Company/First Name	Company Num/Last Name	Email	Existing
TUTORIAL PARENT ORG			
John	Demo	JohnDemo@demo.o...	Y
Jane	Demo	JaneDemo@demo.org	Y
+ Effective Date Relation Stop Ownership Status			
Owner - Director		N	E

To add an individual, click “**Add Person**” and follow the instructions in the next subsection or click [here](#).

To add a shareholder that is an organization (i.e. “parent company”), click “**Add Organization**” and follow the instructions in the subsection after the next subsection or click [here](#).

If you need to add a new or another relationship/role to an indirect owner, follow the instructions in the last subsection or click [here](#).

Click here to add a new parent company (shareholder) to the selected organization

Click here to add a new person to the selected organization

It is IMPORTANT that you only press the “Submit for Validation” button once you have added all the indirect owners AND uploaded all required documents. Once the button is pressed, you will not be able to add any more individuals/parent companies until the College has completed reviewing the information you provided.

Adding a New Indirect Owner (a “Person”)

To add a new indirect owner to the direct owner, ensure that the name of the direct owner (i.e. the first line in the organization tree (“Tutorial Parent Org.” in the example below) is highlighted. Refer to the [previous section](#) for details.

To add a new indirect owner to a parent company/shareholder, ensure that the name of the correct parent company/shareholder is highlighted. You must also ensure that the parent company in question has been added to the ownership tree before you attempt to add its indirect owners (see the [next section](#) for instructions).

Watch this video at <https://youtu.be/imZi3DzONDw> for steps involved.

Follow these steps to add a new indirect owner who is an individual:

1. Click the “Add Person” button.

The screenshot shows a software interface for managing ownership. At the top, there are tabs for 'Direct Owner' (TUTORIAL ORGANIZATION), 'Category' (Non-publicly Traded Corporation), and a 'Submit for Validation' button. Below the tabs, there are buttons for '+ Add Organization', '+ Add Person' (highlighted with a red box), 'Edit', and 'Delete'. A callout bubble points to the '+ Add Person' button with the text 'Click here to add a new person to the selected organization'. The 'Ownership' section shows a tree view with 'TUTORIAL ORGANIZATION' expanded to show 'TUTORIAL PARENT ORG' and three individuals: 'John Demo', 'John Demo', and 'Jane Demo'. Below the tree is a table of owners:

Company	Email	Existing	
TUTORIAL PARENT ORG		Y	
John	Demo	JohnDemo@demo.o...	Y
Jane	Demo	JaneDemo@demo.org	Y

Below the table, there are columns for '+ Effective Date', 'Relation', 'Stop Ownership', and 'Status'. The 'Relation' is 'Owner - Director', 'Stop Ownership' is 'N', and 'Status' is 'E'.

2. Enter the new indirect owner's information in the prompt.

- You must enter at a minimum the first and last name of the person, their email address, and their relationship type (i.e. director, officer or shareholder).
 - Ensure the legal name of the person is entered;
 - Ensure the email address is entered correctly as this will be used to send them instructions for completing their Proof of Eligibility;
 - Provide a registration number and eServices ID if available. For non-registrants, leave these fields blank.
- An effective date is required for a Change of Indirect Owner Application.

- Repeat Steps 1 to 4 in this section to enter another indirect owner who is an individual (i.e. “a person”). If you need to enter another indirect owner that is an organization (i.e. a “parent company”), follow the instructions in the [next section](#).

If an added individual has more than one relationship/role in the organization (e.g. director and officer, or director and shareholder), refer to the [Adding Multiple Relationships/Roles to an Indirect Owner](#) section for steps.

NOTE 1: If a shareholder is a sole proprietor, partnership of individuals or trustee, enter each person as a shareholder.

NOTE 2: If the direct/indirect owner is a non-publicly traded BC corporation, you will have to upload the required documents for the direct owner before clicking “Submit for Validation”. See the [Uploading an Ownership Document](#) section for instructions on uploading the required ownership documents on this page.

If you do not have any more indirect owners to add and all required documents have been uploaded, click “Submit for Validation”. Once the College has completed reviewing the information, the new indirect owners will receive instructions to log into eServices and complete their Proof of Eligibility online.

It is IMPORTANT that you only press the “Submit for Validation” button once you have added all the indirect owners and uploaded all required ownership documents. Once the button is pressed, you will not be able to add any more individuals/parent companies until the College has completed reviewing the information you provided when you pressed the button. The processing time for reviewing this information may take up to 14 days.

Adding a New Indirect Owner (an “Organization” or “Parent Company”)

Refer to the [beginning of this section](#) for instructions on how to get to the following screen.

Watch this video at <https://youtu.be/imZi3DzONDw> for steps involved.

To add a new parent company (i.e. shareholder) to the direct owner, ensure that the name of the direct owner (i.e. the first line in the organization tree (“RX ABC Enterprises Ltd” in the example below) is highlighted in the ownership tree. Refer to the [beginning of this section](#) for details.

To add a parent company (i.e. shareholder) to the parent company of the direct owner, ensure that the name of the parent company (i.e. “12345 Company” in the example below) is highlighted.

To add a parent company (i.e. a shareholder):

1. Click the “**Add Organization**” button.

The screenshot displays a software interface for managing organizations. At the top, it shows 'Direct Owner' as 'TUTORIAL' and 'Publicly Traded Corporation'. Below this, there are buttons for '+ Add Organization', '+ Add Person', 'Edit', and 'Delete', along with a 'Submit for Validation' button. The 'Ownership' section on the left shows a tree structure with 'TUTORIAL ORGANIZATION' selected. The 'Owners' table on the right lists the following data:

Company/First Name	Company Num/Last Name	E-Mail	Existing
▶ Jack	Demo	JackDemo@demo.org	N
▶ Jane	Demo	JaneDemo@demo.org	Y
▶ John	Demo	JohnDemo@demo.o...	Y
▶ TUTORIAL PARENT ORG			Y

2. The **Add Owner** screen will then be displayed, double check that you are adding the parent company to the correct organization by reviewing the name of the organization in the title.

Save & Close Cancel

Ensure you have selected the correct organization you want to add a parent company to

Select the type of organization from the drop down menu and enter the Company name and effective date

3. If the organization name is correct, fill out the information of the parent company on the screen.
 - a. You must enter at a minimum the first and last name of the person, their email address, and their relationship type (i.e. director, officer or shareholder).
 - i. Leave eServices ID blank;
 - ii. Ensure the company name is entered exactly as it appears in the corporate document;
 - iii. Company number refers to the identifier (e.g. incorporation number, registration number) issued by the governing body for incorporation;
 - iv. Email address for the corporation is optional;
 - v. An effective date is required for a Change of Indirect Owner Application, but not for a pharmacy renewal (i.e. leave it blank).
4. After filling out the information, click **“Save & Close”**. The updated information will then be displayed, and can be edited if required. Only information that is newly added to this page may be edited or deleted.

7. To add a new indirect owner who is an individual to a parent company, refer to the previous section or [click here](#). If an added individual has more than one relationship/role in the organization (e.g. director and officer, or director and shareholder), refer to the [Adding Multiple Relationships/Roles to an Indirect Owner](#) section for steps.

NOTE 1: If a shareholder is a sole proprietor, partnership of individuals or trustee, enter each individual owner of the company as an individual shareholder.

*NOTE 2: If the direct owner is a non-publicly traded BC corporation, you will have to upload the required documents for the direct owner before clicking “**Submit for Validation**”. See the [Uploading an Ownership Document](#) section for instructions on uploading the required ownership documents on this page.*

If you do not have any more indirect owners to add and all required documents have been uploaded, click “**Submit for Validation**”. Once the College has completed reviewing the information, the new indirect owners will receive instructions to log into eServices and complete their Proof of Eligibility online.

It is IMPORTANT that you only press the “Submit for Validation” button once you have added all the indirect owners and uploaded all required ownership documents. Once the button is pressed, you will not be able to add any more individuals/parent companies until the College has completed reviewing the information you provided when you pressed the button. The processing time for reviewing this information may take up to 14 days.

Adding Multiple Relationships/Roles to an Indirect Owner

Watch this video at <https://youtu.be/imZi3DzONDw> for steps involved.

Sometimes an indirect owner may have more than one role. For example, a director can also be a shareholder of a corporation. Multiple relationships/roles must be reported by following the steps below so that they match the information provided in the required ownership documents submitted (refer to the [Uploading an Ownership Document](#) section for instructions on uploading the required ownership documents on this page).

To add an additional relationship to an indirect owner:

1. Select the individual in the list and then click the “arrow” to view the relationship of this individual and the organization highlighted in the ownership tree. If the individual is not listed, you will have to add the individual with one relation/role first by following the steps outlined in the [Adding a New Indirect Owner \(a “Person”\)](#) section.
2. Click the “+” sign.

The screenshot shows the 'Ownership' section of a software interface. On the left, there is a tree view under 'TUTORIAL ORGANIZATION' with 'TUTORIAL PARENT C' expanded, listing individuals: John Demo, Jane Demo, and Jack Demo. On the right, there is a table of owners and a table of relationships. The 'Owners' table has columns for 'Comp', 'EName', 'EEmail', and 'Existing'. The 'Relationships' table has columns for 'Effective Date', 'Relation', 'Stop Ownership', and 'Status'. A callout points to the arrow next to 'Jane Demo' in the owners list, stating: 'Click on the arrow next to the Company/First Name you want to add an additional role to'. Another callout points to the '+' sign in the relationships table, stating: 'click on the '+' sign to add another relationship/role'.

3. Add the relationship information. Leave the effective date blank if you are submitting this information for pharmacy licence renewal.

The screenshot shows the 'Add new relation' dialog box. It has two main fields: 'Relation Type' with a dropdown menu currently set to 'Shareholder', and 'Effective Date' with a date picker set to '18 Apr 2019'. There are 'Save & Close' and 'Cancel' buttons at the bottom. A callout points to the dropdown menu, stating: 'Use the drop down menu to select the role and enter an effective date'.

4. Click “**Save & Close**” when finished. And you will see the information displayed like this:

The screenshot shows a web interface for managing ownership. At the top, it displays 'Direct Owner' as 'TUTORIAL ORGANIZATION' and 'Category' as 'Non-publicly Traded Corporation'. Below this are buttons for '+ Add Organization', '+ Add Person', 'Edit', and 'Delete', along with a 'Submit for Validation' button. The main area is divided into two panes: 'Ownership' on the left and 'Owners' on the right. The 'Ownership' pane shows a tree view with 'TUTORIAL ORGANIZATION' expanded to show 'TUTORIAL PARENT C' and several individuals: John Demo, Jane Demo, and Jack Demo. The 'Owners' pane is a table with columns: 'Company/First Name', 'Company Num/Last Name', 'EMail', and 'Existing'. It lists four entries: John Demo (Existing: Y), Jane Demo (Existing: Y), a newly added entry for '18 Apr 2019' with 'Shareholder' relationship (Existing: N), and Jack Demo (Existing: N). Below the table are columns for 'Effective Date', 'Relation', 'Stop Ownership', and 'Status'. Two callouts are present: one pointing to the pencil icon in the 'Effective Date' column stating 'You can use the pencil to edit the newly added information or use the trashcan to delete the new entry', and another pointing to the 'Shareholder' relationship in the 'Relation' column stating 'the relationship is added under the selected person repeat the steps to add additional roles.'

Company/First Name	Company Num/Last Name	EMail	Existing
John	Demo	JohnDemo@demo.org	Y
Jane	Demo	JaneDemo@demo.org	Y
18 Apr 2019	Shareholder		N
Jack	Demo	JackDemo@demo.org	N

If you notice that you did not enter the effective date or relationship correctly, highlight the entry and click the **pencil icon** to edit.

If you do not have any more indirect owners to add/modify and all required documents have been uploaded, click “**Submit for Validation**”. Once the College has completed reviewing the information, the new indirect owners will receive instructions to log into eServices and complete their Proof of Eligibility online.

It is IMPORTANT that you only press the “Submit for Validation” button once you have added all the indirect owners and uploaded all required ownership documents. Once the button is pressed, you will not be able to add any more individuals/parent companies until the College has completed reviewing the information you provided when you pressed the button. The processing time for reviewing this information may take up to 14 days.

Removing an Indirect Owner/Removing a Relationship/Role from an Indirect Owner

If you have not pressed the “**Submit for Validation**” button (i.e. Existing = “N”) and want to remove an indirect owner, you may do so simply by clicking the “**Delete**” button.

Watch this video at <https://youtu.be/imZi3DzONDw> for steps involved.

To remove an indirect owner or one of his/her relationships/roles after he/she has already been confirmed by the College (i.e. Existing = “Y”):

1. Select the individual in the list and click the “arrow” to view the relationship of this individual and the organization highlighted in the ownership tree.
2. Select the relationship that you want to remove and click the **pencil icon**.

The screenshot shows the 'Ownership' section of a software interface. On the left, an 'Ownership' tree is expanded to show 'John Demo'. A callout points to a small arrow icon next to 'John Demo' with the text: 'Click on the arrow to view all of the relationships/roles for the person'. The main area displays a table of owners and their relationships. A callout points to a pencil icon next to the 'Owner - Officer' relationship for 'John Demo' with the text: 'Click on the pencil to open up the edit window'. Another callout points to the 'Existing' column, which has a green 'Y' for 'John Demo', with the text: 'Ensure you have selected the correct existing relation/role to stop'. The table has columns for 'Company Name', 'Company Num/Last Name', 'Email', and 'Existing'. Below the table, there are 'Documents' and 'Documents' sections.

3. Confirm that this is the relationship you want to remove. Enter the effective date of change and select the “**Stop Ownership**” checkbox.

The screenshot shows the 'Edit existing relation' dialog box. The 'Relation Type' is 'Owner - Officer'. The 'Effective Date' is '18 Apr 2019'. The 'Stop Ownership' checkbox is checked. A callout points to the 'Effective Date' field with the text: 'Enter an effective date and check off the box next to Stop Ownership'. The dialog box has 'Save & Close' and 'Cancel' buttons. Below the dialog box, there is a table with columns 'Required' and 'Document Type'.

- Click **“Save & Close”** when finished. The request to remove the indirect owner will then be displayed:

Documents

Click on the document type to upload the required document. Note that you can only upload **one single file** per required document.

You will now see the effective date and 'Y' populate under stop ownership

- To remove an indirect owner with more than one relationship/role within the organization, repeat Steps 2 to 4 for each relationship/role that this person has.

Uploading an Ownership Document

Watch this video at <https://youtu.be/imZi3DzONDw> for steps involved.

Pharmacy Licence Renewal: For a direct owner that is a corporation, and any shareholder) that is incorporated in BC and non-publicly traded (i.e. the “parent company”), you will have to upload the most current *British Columbia Company Summary* when you submit your Pharmacy Licence Renewal Application.

For a **change of indirect owner**, you will have to upload the following documents based on the subtype of change:

- Change of Director: *Notice of Change of Directors* filed with the BC Registry Services
- Change of Shareholder: Updated certified true copy of the *Central Securities Register*
 - For each **new** shareholder that is a B.C. incorporated, non-publicly traded corporation (i.e. the “parent company”), you will also have to submit:
 - The most current copy issued within the last year of the *British Columbia Company Summary*⁹;
 - A certified true copy of the Central Securities Register;
 - If a shareholder of any parent company is a B.C. incorporated, non-publicly traded corporation, also submit all the above documents for that shareholder until there is no more shareholders that are B.C. incorporated, non-publicly traded corporations.

*Upload a copy of the completed [“Deferred Submission of a Required Document\(s\) for Change Application” declaration form](#) if you are not able to provide the document at the time of notification.

NOTE: Only one file can be uploaded for each document type, therefore, multiple files must be pre-merged before uploading.

The required ownership documents can be uploaded under the **Documents** section at the bottom of the same page used to [add/remove an indirect owner](#) (click “**Edit**” after landing on the first page of the [Ownership Portal](#) by clicking on the name of the direct owner on the [Pharmacy Summary Page](#)).

⁹ *BC Company Summary*: Note the date beside “Last Annual Report Filed:” and *Annual Report* is not acceptable.

Refer to the [Pharmacy Licensure Guide](#) for more information.

Required	Document Type	File Name
Y	BC Company Summary or BC Annual Report	No file uploaded
Y	Notice of Change of Directors	No file uploaded
Y	Certified copy of Shareholder Register	No file uploaded

- Click **“Select File”** to locate the file in your computer. Select your file by either double clicking the file name OR click the file name once, then click **“Open”**. You will then see the file name listed on the page.

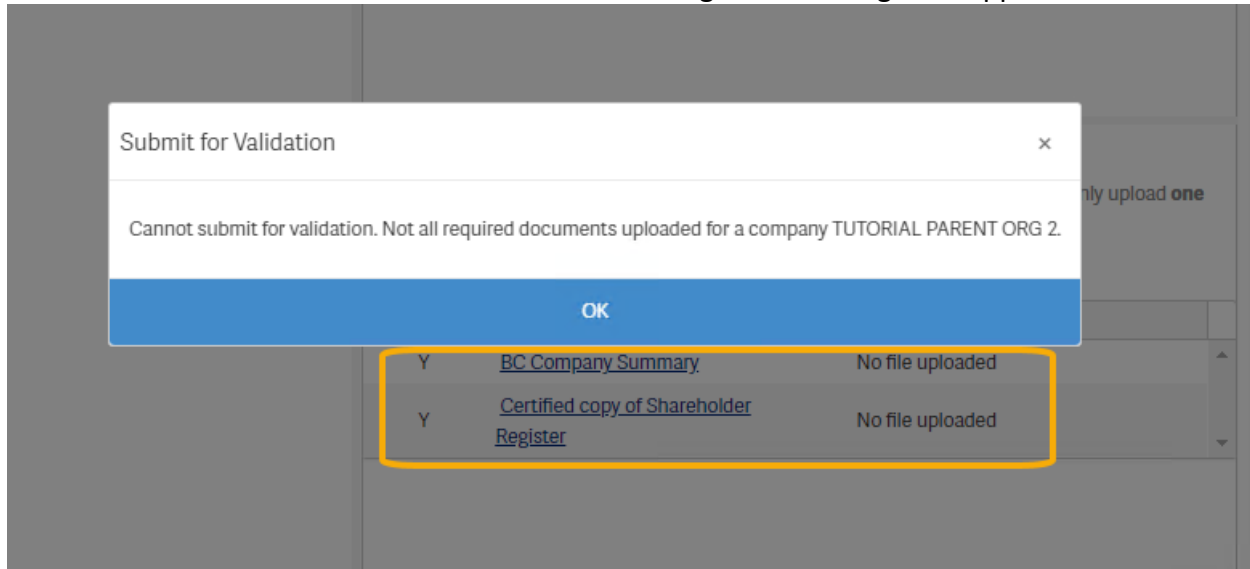

- If the file listed is correct, click **“Upload”**. If not, click **“Clear”** and repeat Step 2.
- Once the file is uploaded, you will see the file name displayed in the document table.

If you do not have any more indirect owners to add and all required documents have been uploaded, click **“Submit for Validation”**. Once the College has completed reviewing the information, the new indirect owners will receive instructions to log into eServices and complete their Proof of Eligibility online.

It is IMPORTANT that you only press the “Submit for Validation” button once you have added all the indirect owners and uploaded all required ownership documents. Once the button is pressed, you will not be able to add any more individuals/parent companies until the College has completed reviewing the information you provided when you pressed the button. The processing time for reviewing this information may take up to 14 days.

If you have not uploaded all the required documentation (see example below), you will not be able to click **“Submit for Validation”** and the following error message will appear:

Monitoring Your Pharmacy Licence Renewal Status – Pharmacy Summary Page

All authorized representatives can monitor the status of their pharmacy licence renewal on the [Pharmacy Summary Page](#) under the [My Pharmacies](#) tab in the top menu after [logging into eServices](#).

The following table shows the possible status types for each pharmacy renewal requirement and an explanation.

Requirement	Status	Explanation
Ownership Information	<i>Pending</i>	The College has not received complete ownership information.
	<i>Submitted</i>	Ownership information has been submitted but not reviewed or not accepted by the College. In the latter case, the AR will be notified by email.
	<i>Complete</i>	Ownership information has been verified by the College. No further action required.
Payment	<i>Pending</i>	The College has not received payment (if you have already submitted payment information, the actual transaction has not occurred yet) or the administrative fee has not been paid yet.
	<i>Complete</i>	Payment has been received by the College. No further action required.
Business Licence	<i>Pending</i>	The business licence has not been submitted/uploaded.
	<i>Submitted</i>	The business licence has been submitted but not reviewed by the College.
	<i>Complete</i>	The business licence has been verified by the College. No further action required.
Attestation Summary	<i>Pending</i>	One or more individuals (indirect owner and/or manager) have not submitted their attestation through their personal eServices account.
	<i>Submitted</i>	All applicable individuals have submitted their attestations.
CRH (Criminal Record History) Summary	<i>Pending</i>	The College has not received the Criminal Record History result from one or more individuals (indirect owner and/or manager) in the previous 5 years.
	<i>Submitted</i>	The College has received the Criminal Record History results from all applicable individuals in the previous 5 years.
Renewal Complete	<i>Pending</i>	There is one or more renewal requirements outstanding.
	<i>Complete</i>	All renewal requirements have been submitted and approved. Pharmacy licence has been renewed and issued.

The status view is very similar for an authorized representative and a pharmacy manager, however, only an authorized representative can monitor whether each applicable individual has or has not submitted their attestation and/or Criminal Record History.

MANAGER'S VIEW

The pharmacy manager can monitor their Pharmacy Licence Renewal application (when due) on the **Pharmacy Summary Page** under the **My Pharmacy** tab:

Direct Owner	Pharmacy	Licence Expiry	Ownership Information	Payment	Business License	Attestation Summary	CRH Summary	Renewal Complete
TUTORIAL ORGANIZATION	TUTORIAL PHARMACY	2/28/2019	Pending	Pending	Pending	Submitted	Submitted	Pending

While pharmacy managers do not have permission to submit ownership information or payments, they are encouraged to notify the authorized representative(s) of the direct owner in the event that either of these requirements is outstanding. The names of the authorized representatives of your pharmacy can be found on the pharmacy's **Profile** page in the Pharmacy Portal.

AUTHORIZED REPRESENTATIVE'S VIEW

All **authorized representatives** can monitor the status of their Pharmacy Licence Renewal application(s) (when due) using the expanded view (for expanded view, click on the “+” sign next to the name of the direct owner) on the **Pharmacy Summary Page** under the **My Organization** tab.

Direct Owner	Ownership Information			ID	Due For Renewal		
TUTORIAL ORGANIZATION	Pending			99999	Action Required		
Pharmacy	Licence Expiry	Payment	Business License	Attestation Summary	CRH Summary	Renewal Complete	
TUTORIAL PHARMACY	2/28/2019	Pending	Pending	Submitted	Submitted	Pending	

Click here to see the list of indirect owners and pharmacy manager and their POE status

To view who has or has not submitted their attestation and/or Criminal Record History, click on their **status** under the “**Renewal Complete**” column and you will see a screen that looks similar to this:

Proof of Eligibility Status for Direct/Indirect Owner(s) and Manager

Below is the Proof of Eligibility (POE) submission status (i.e. submitted or not submitted) for the manager and each direct/indirect owner whose ownership has been confirmed by the College. If you recently added an indirect owner in Form 7 as part of the pharmacy licence renewal application, they will not be listed until the College validates the ownership information and documents. Please allow up to 14 days for processing.

When everyone in the list below has submitted their POE, the Pharmacy Summary page will generate the **Submitted** status.

Name	Member Type	Relationship	Attestation	Criminal Record History
DEMO, JOHN	Non-Registrant	Shareholder	Submitted	Submitted
DEMO, JOHN	Non-Registrant	Officer	Submitted	Submitted
DEMO, JANE	Pharmacist	Director	Submitted	Submitted
DEMO, JOHN	Non-Registrant	Director	Submitted	Submitted
DEMO, TIM	Pharmacist	Manager	-	-

Note that the authorized representatives will **not** see the result of each indirect owner and manager's attestation (i.e. "eligible" or "ineligible") or Criminal Record History (i.e. "clear" or "not clear"). The only status that shows on this screen are "Submitted" or null (i.e. not submitted).

This view is currently not available for pharmacies that are owned by a partnership of corporations. If you are an authorized representative of a partnership of corporations, please contact the [Licensure Department](#) for assistance.

Accessing and Navigating the Pharmacy Portal

This section of the licensure guide focuses on the features of the Pharmacy Portal. Through the Pharmacy Portal, the manager or an authorized representative of the direct owner can:

- [Submit the pharmacy's business licence](#) for the Pharmacy Licence Renewal application;
- [Monitor the status of your Pharmacy Licence Renewal application](#);
- Update pharmacy information: [basic information](#) (pharmacy email contact and website), [staff roster](#), [hours of operations](#), and [types of pharmacy services provided at your pharmacy](#);
- [View the names of the direct owner and authorized representatives](#);
- [Download a pharmacy licence](#); and
- [Download a pharmacy licence receipt](#).

An authorized representative can also [submit a Change of Manager](#) (*PODSA Form 8C*) in the Pharmacy Portal.

Watch this video at <https://youtu.be/pNXGy-jRPao> for an overview of the Pharmacy Portal.

To access the Pharmacy Portal:

1. [Log into eServices](#);
2. Click "**My Pharmacies**" in the top menu and you will land on the **Pharmacy Summary Page**;
3. Click the **NAME of the PHARMACY** under the **My Pharmacy** tab (for managers) or the **My Organization** tab (for authorized representatives) on the **Pharmacy Summary Page** to access the Pharmacy Portal.

Updating Pharmacy Information – Profile

The pharmacy's **Profile** page is located on the landing page of their Pharmacy Portal. [To access the Pharmacy Portal](#), clicking on the **NAME of the PHARMACY** on the **Pharmacy Summary Page** after [logging into eServices](#).

On the pharmacy's **Profile** page, you will find the following information:

- Basic pharmacy information including contact information;
- Manager information;
- Basic ownership information (name of direct owner and names of authorized representatives).

On this page, you can *only* update the following information:

- Email address of the pharmacy; and
- Website of the pharmacy.

If you need to update the pharmacy's phone number or fax number, email the Licensure Department at: licensure@bcpharmacists.org.

If you need to change the pharmacy name, refer to the [Change of Operating Name](#) section for more information.

If you need to change the pharmacy address, refer to the [Change of Location](#) section for more information.

To update the pharmacy's email address and website at the pharmacy:

1. Click on the appropriate text box
2. Enter the new information
3. Press "**Next**" to save.

Only the authorized representatives can make changes to the manager and ownership information. To request a change of manager on eServices (from this screen), refer to the [Submitting a Change of Manager Application Online](#) section for instructions, and the [Change of Manager](#) section for an overview of the entire application process.

To request a change of indirect owner on eServices, refer to the [Submitting a Change of Indirect Owner Application Online](#) section for instructions and the [Change of Indirect Owner](#) section for and overview of the entire application process. If the direct owner of your pharmacy is not a sole-proprietorship, partnership of pharmacists, corporation or partnership of corporations, follow the [Change of Authorized Representative](#) process to submit a request to change any authorized representatives.

Updating Pharmacy Information – Pharmacy Staff Roster

The pharmacy staff roster can be found on the **Staff** page in the Pharmacy Portal. [To access the Pharmacy Portal](#), clicking on the name of the pharmacy on the **Pharmacy Summary Page** after [logging into eServices](#).

Once you are in the Pharmacy Portal, you must click “**Next**” at the bottom of the profile page in order to access the **Pharmacy Staff Roster**. Clicking on the tab will **not** automatically take you to the **Staff** page from the **Profile** page.

On the pharmacy staff roster, a list of registrants who have been reported – either by the current/previous manager, a current/previous authorized representative or the registrant themselves – to be currently working at your pharmacy. It will also list the registration expiry date of each of your registrant staff.

Reporting employment information is a dual responsibility between a registrant and his/her pharmacy manager. Pursuant to section 54(2) of the [Health Professions Act Bylaws](#), a registrant must notify the Registrar immediately, if their place of pharmacy practice changes, by updating the employment information in his/her eServices account. Pursuant to section 18(2)(c) of the [Pharmacy Operations and Drug Scheduling Act Bylaws](#), a manager must notify the Registrar in writing of the appointments and resignations of registrants as they occur by updating the pharmacy staff roster in the Pharmacy Portal on eServices. The employment information of each registrant is now synchronized with the staff roster of the pharmacy where he/she practices.

Registrants will receive notification via email when you have either added them to, or removed them from your pharmacy roster. The change will also be updated in their personal employment information under their personal eServices account.

If a registrant reports his/her employment at your pharmacy before you have added them to your pharmacy roster or when a registrant reports that they have ceased their employment at your pharmacy, you will receive an automated email notification.

You may [add](#), [edit \(or view details\)](#) or [delete](#) staff members using the corresponding button above the table:

Updating Pharmacy Information – Hours of Operation and Lock-and-Leave Hours

A pharmacy's hours of operation and lock-and-leave hours can be found on the **Services** page in the Pharmacy Portal. [To access the Pharmacy Portal](#), click on the [name of the pharmacy](#) on the **Pharmacy Summary Page** after [logging into eServices](#).

Once you are in the Pharmacy Portal, you must click "**Next**" at the bottom of **both** the **Profile** page and **Staff** page in order to access the **Services** page. Clicking on the tabs will **not** allow you to jump between pages.

On the top section of the services page, you will find your pharmacy's hours of operation and lock-and-leave hours as they have been reported to the College. Pursuant to section 27 of [Pharmacy Operations and Drug Scheduling Act Bylaws](#), the hours when a full pharmacist is either on-duty or not present while the premises is open for business must be reported to the College.

You may edit the start or end time by selecting the correct time in the dropdown menu on the corresponding day of the week. To save changes, click the "**Next**" button once all hours have been updated.

Hours of Operation

"Pharmacy hours" means the hours when a full pharmacist is on duty at the pharmacy. For telepharmacy, a full pharmacist is deemed to be present at a telepharmacy when he or she is engaged in direct supervision of the telepharmacy.

"Lock and leave hours" means the hours when a full pharmacist is not present at the pharmacy but the premises is open for business.

Updating Pharmacy Information – Pharmacy Services

The list of pharmacy services that your pharmacy provides can be found on the **Services** page in the Pharmacy Portal. [To access the Pharmacy Portal](#), click on the [name of the pharmacy](#) on the **Pharmacy Summary Page** after [logging into eServices](#).

Once you are in the Pharmacy Portal, you must click “**Next**” at the bottom of **both** the **Profile** page and **Staff** page in order to access the **Services** page. Clicking on the tabs will **not** allow you to jump between pages.

On the top section of the services page, you will find your pharmacy’s hours of operation and lock-and-leave hours as they have been reported to the College. Scroll down until see you the section titled **Pharmacy Services**.

The types of pharmacy services your pharmacy offers that have been reported to the College will be displayed with a checkbox. Note that there are new types of pharmacy services listed in the new pharmacy portal. Review the list and check any applicable boxes when you renew your pharmacy licence.

This page also lists the names of facilities that your pharmacy provides residential care services to; the names of pharmacies that your pharmacy provides centralized prescription processing services to; and the names of pharmacies that your pharmacy receives outsourced prescription processing services from.

The authorized representative/manager may edit the services of the pharmacy as required by selecting or de-selecting the checkboxes.

2. A prompt will ask if you are sure you want to delete this pharmacy. If you are sure, click **“Yes”**. The pharmacy will then be removed from the list.

Submitting the Pharmacy's Business Licence for Pharmacy Licence Renewal

If you are an authorized representative of the direct owner, you can be redirected to the Pharmacy Portal by clicking on the [pharmacy name](#) on the **Payment Page** during the pharmacy licence renewal application process. Refer to the [Submitting Payment Information for Pharmacy Renewal](#) section for details.

Alternatively, an authorized representative or the manager can [access the Pharmacy Portal](#) by clicking on the [name of the pharmacy](#) on the **Pharmacy Summary Page** after [logging into eServices](#).

Note that the **Business Licence** tab is usually hidden; it is only available when your pharmacy licence is due for renewal.

You can upload **one file only**. Merge files before uploading if there are multiple pages in multiple files.

Watch this video at <https://youtu.be/pNXGy-iRPao> for steps involved.

To upload a business licence:

1. Navigate to the **Business Licence** tab by clicking “**Next**” on the **Profile**, **Staff** and **Services** pages. Before navigating to the last tab, ensure the information under the previous 3 tabs is current and accurate. Update any information as necessary.
2. Once you are on the **Business Licence** page, click “**Browse**” to locate the file in your computer. Select your file by either double clicking the [file name](#) OR click the [file name](#) once then press “**Open**”.
3. Click “**Upload**”. You will then see the [file name](#) listed on the page.
4. If the file uploaded is correct, click “**Finish**”. If it is not correct, click “**Remove**” and repeat Step 2 again.

PROFILE **STAFF** **SERVICES** **UPLOAD BUSINESS LICENCE**

To renew your pharmacy licence, upload a copy of the pharmacy's current (i.e. not expired) business licence issued by the municipality. Refer to the [Business Licence Section in the Pharmacy Licensure Guide](#) for information that must be included on a pharmacy business licence.

If the pharmacy is located in a jurisdiction that does not issue a business licence, upload a letter or correspondence from the jurisdiction which confirms that they do not issue business licences.

A business licence is **not** required for pharmacies that are owned by a hospital or health authority or an education site. Therefore no upload is required.

Submitting a Change of Manager Application Online

An authorized representative can submit an Application for Change of Manager (*PODSA Form 8C*) through the [Profile](#) page in the [Pharmacy Portal](#) by clicking on the name of the pharmacy on the [Pharmacy Summary Page](#) after [logging into eServices](#).

On the pharmacy's [Profile](#) page, scroll down to the **Manager Information** section. An authorized representative will see the “**Request Change of Manager**” button in the section.

Note that this button will not be available to the manager if he/she is not an authorized representative of the direct owner. Only an authorized representative can submit this change request.

Manager Information

Manager	Registration #	First Name	Last Name	Effective Date	
—	—	Tim	Demo	Jan 7, 2019	Request Change of Manager

To submit the change application:

1. Click on the “**Request Change of Manager**” button;
2. Enter the last name and registration number of the proposed manager. Note that both fields are required;
3. Click “**Search**”.

Request Change of Manager

Please note: **The change you submit is not effective on the proposed change date until the College has received the Proof of Eligibility (attestation and Criminal Record History), if required from the proposed manager to indicate he/she meets the eligibility criteria in accordance with the *Pharmacy Operations and Drug Scheduling Act*.**

You must notify the College of the change no later than 7 days before the effective date.

Enter the information of the proposed manager below and click 'search'. Ensure the correct person is selected before pressing the submit button. The proposed pharmacy manager will be notified by email to complete their Proof of Eligibility immediately after you submit the change application. The existing pharmacy manager will also be notified about the change application at the same time.

Enter criteria and click 'search'

Request new manager pending

Registration #	First Name	Last Name	Effective Date
00000	Linda	Demo	Apr 19, 2019

the proposed manager will appear here

The proposed manager will receive an email notification with instructions on completing his/her Proof of Eligibility. The current manager will also be notified of the change.

The authorized representative, the new manager and the current manager will receive an email notification when the change of manager application is approved and complete. You will then be able to [download and print the new pharmacy licence](#) in the Pharmacy Portal.

On the effective date of change, the new pharmacy manager will have access to the Pharmacy Portal for your pharmacy. The previous pharmacy manager will then lose access.

Accessing and Navigating “My Profile”

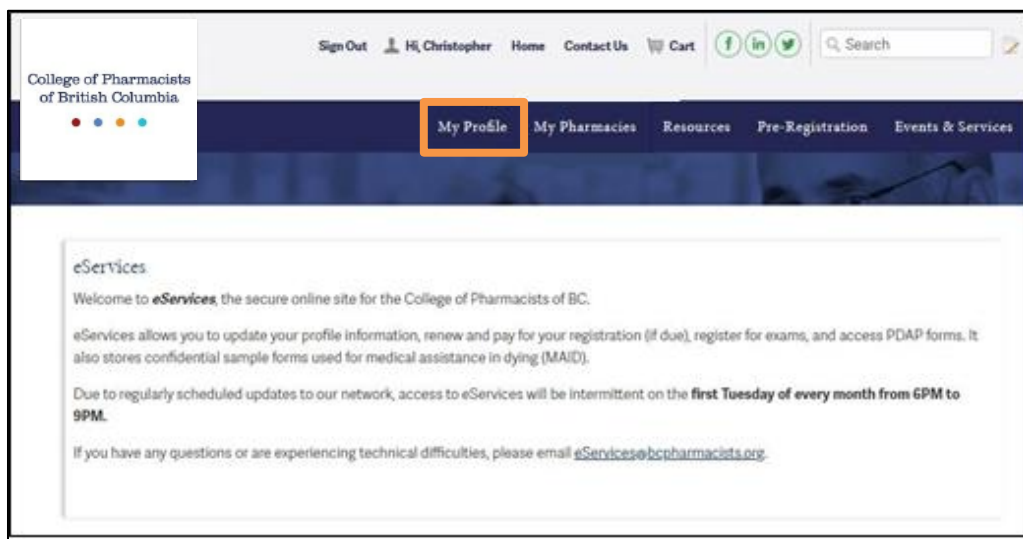

Depending on whether you are a registrant with the College or not, you may have limited access to the **My Profile** tab. At a minimum, you will have access to the following functions:

- [Update email address](#);
- [Change password](#); and
- [Submit your Proof of Eligibility when required](#).

Registrants have additional access to update/view information related to their registration as a pharmacist or pharmacy technician.

To access **My Profile**:

1. [Log into eServices](#);
2. Click “**My Profile**” in the top menu.

Updating Your Email Address

The College communicates important information through emails. Ensure your email address is up-to-date in your eServices account and do not unsubscribe from the College's email system.

Your email address is listed under the **Contact Information** tab on the landing page under **My Profile**. You may also click "**Update Profile**" in the side menu under **My Profile**.

To update your email address:

1. Click on the **pencil icon**;

Registrant View

Non-Registrant View
